The ETI Securities of each Series are secured derivative securities in the form of debt obligations of the Issuer, at all times ranking pari passu with, and without any preference among, themselves and the ETI Securities of each other Series. Investors should make their own assessment as to the suitability of investing in the ETI Securities. This Base Prospectus constitutes a base prospectus for the purposes of the Prospectus Regulation.

Application has been made to the Stuttgart Stock Exchange for certain Securities to be admitted to listing and trading at their Regulated Unofficial Market. Application has been made to the Vienna Stock Exchange for certain Series to be admitted to listing and trading on the Vienna MTF, which for avoidance of doubt is an unregulated market. In addition, an application may be made for a Series to be listed on any other stock exchange or multilateral trading facility or a Series may be unlisted. There can be no assurance that any application for listing will be successful or that if successful, that the admission to listing will be maintained for the term of the ETI Securities.

Form of ETI Securities: ETI Securities may be issued as Uncertificated ETI Securities or Bearer ETI Securities. The form of the ETI Securities of a Series will be specified in the Final Terms applicable for that Series of ETI Securities.

Uncertificated ETI Securities

The Holders of the Uncertificated ETI Securities shall at no time have the right to demand the conversion of Uncertificated ETI Securities into, or the delivery of, a permanent global certificate or physical securities. By contrast, the Issuer shall have the right to effect the conversion of the Uncertificated ETI Securities into a permanent global certificate or physical securities and *vice versa*.

By (i) registering the Uncertificated ETI Securities in the main register (*Hauptregister*) of SIX SIS Ltd, Olten, Switzerland or any other Swiss central depository (“**SIS**”) and (ii) by crediting the Uncertificated ETI Securities to a securities account (*Effektenkonto*) of a depository bank with SIS, intermediated securities (*Bucheffekten*) pursuant to the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (“**FISA**”) are created.

Bearer ETI Securities

Bearer ETI Securities may be issued in new global note form (“**NGN**”) and in classic global note form (“**CGN**”) and serially numbered.

The Section of this Base Prospectus entitled “*Terms and Conditions of the ETI Securities*” contains further details relating to the form of ETI Securities which may be issued under the Issuer’s Programme. The Section of this Base Prospectus entitled “*Subscription and Sale*” contains further details relating to the selling and transfer restrictions applicable to the ETI Securities. Other than as expressly disclosed in this Base Prospectus, no action has been taken which would permit a public offering of the ETI Securities or possession or distribution of this Base Prospectus or any other offering material in any jurisdiction where action for this purpose would be required.

Distribution:

ETI Securities issued under this Programme have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or any state securities laws, and the Issuer is not, nor will it be, registered under the United States Investment Company Act of 1940, as amended (the “**1940 Act**”). The ETI Securities may not be offered, sold or otherwise transferred within the United States or to, or for the account or benefit of, any U.S. Person (as defined in Regulation S under the Securities Act).

If the assets of the Issuer were deemed to be assets of a “*benefit plan investor*” within the meaning of Section 3(42) of the US Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”), certain transactions that the Issuer may enter into in the ordinary course of business might constitute non-exempt prohibited transactions thereunder and might be subject to excise taxes and have to be rescinded. However, in relation to each Series of ETI Securities, each purchaser or holder of an ETI Security (or any interest therein) shall be deemed to have represented by such purchase and / or holding that it is not acquiring such ETI Security (or any interest therein), directly or indirectly, with assets of a benefit plan investor. For these purposes, a benefit plan investor is (i) an employee benefit plan subject to part 4, Title I of ERISA, (ii) any plan to which section 4975 of the US Internal Revenue Code of 1986, as amended, applies or (iii) any entity whose underlying assets include plan assets by reason of a plan’s investment in such entity.

The distribution of this Base Prospectus and the offering or sale of, or grant of a participation in, the ETI Securities in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, any Authorised Participant (as defined in this Base Prospectus), the Programme Security Trustee (as defined in this Base Prospectus) and the Note Trustee (as defined in this Base Prospectus) to inform themselves about

and to observe any such restrictions. This Base Prospectus does not constitute, and this Base Prospectus may not be used, for the purposes of any offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation and no action is being taken to permit an offering of the ETI Securities or the distribution of this Base Prospectus in any jurisdiction where such action is required.

Certain restrictions on offers and sales of the ETI Securities and on distribution of this Base Prospectus are set out under "*Terms and Conditions of the ETI Securities*" and "*Subscription and Sale*".

Issuer
Obligations: None of the Programme Security Trustee, the Note Trustee, any Authorised Participant, any Agent or any person other than the Issuer has any obligation to any ETI Securityholders to ensure payment or discharge of principal, interest and / or any other obligations in respect of a Series of ETI Securities.

RISK FACTORS

The Issuer considers the risks disclosed in this section to be material risk factors, about which prospective ETI Securityholders should be aware.

The ETI Securities will be solely debt obligations of the Issuer. The ETI Securities will not be obligations or responsibilities of any Authorised Participants, the Programme Security Trustee, the Note Trustee or the Agents (or any affiliate of any such company).

The purchase of, or investment in, any ETI Securities involves substantial risks. Each prospective purchaser of, or investor in, ETI Securities should be familiar with instruments having characteristics similar to the ETI Securities and should fully understand the terms of the ETI Securities and the nature and extent of its exposure to risk of loss.

Before making an investment decision prospective purchasers of, or investors in, ETI Securities should conduct such independent investigation and analysis regarding the Issuer, the ETI Securities, the Underlying Securities and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the ETI Securities. However as part of such independent investigation and analysis, prospective purchasers of or investors in ETI Securities should consider carefully all the information set forth in this Base Prospectus and in the applicable Final Terms and the considerations set out below.

Investment in the ETI Securities is only suitable for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the information contained in this Base Prospectus and in the applicable Final Terms and the merits and risks of an investment in the ETI Securities in the context of the investor's own financial, tax and regulatory circumstances and investment objectives.

Investment in the ETI Securities (or a participation therein) is only suitable for investors who:

- (a) are capable of bearing the economic risk of an investment in the ETI Securities (or a participation therein) for an indefinite period of time; and
- (b) recognise that it may not be possible to make any transfer of the ETI Securities (or a participation therein) for a substantial period of time, if at all.

The applicable Final Terms in connection with a Series of ETI Securities may contain sections setting out, in relation to the relevant Series, certain suitability and other investment considerations and / or risk factors relating to such Series and particular attention is drawn to those sections.

The Issuer has no additional duties to investors that are acquiring an interest in the ETI Securities (or a participation therein) not for their own account for investment, but with a view to resell, distribute or otherwise dispose of such interest (subject to any applicable law requiring that the resale, distribution or other disposition of the investor's property be within its control).

The Issuer or any Authorised Participant may, in its discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Neither of the Issuer or any Authorised Participant provide investment advice and therefore do not make any personal recommendations to investors or their representatives regarding investments in the ETI Securities.

Potential investors are also advised to seek the advice of their bank or an independent financial and / or legal and / or tax advisor and / or any other professional advisor before making any investment decision and to observe any local sales restrictions.

The risks described may have a negative impact on the performance and liquidity of the ETI Securities. Please note that several risk factors may simultaneously affect the performance of the ETI Securities without any binding statement being made about their interaction. In addition, other currently unknown or unforeseeable risks may also have a negative impact on the value.

1.1 **Risks relating to the Issuer special purpose company**

The Issuer is a “*special purpose company*” and has been established for the sole purpose of issuing multiple Series of ETI Securities under the Programme, hedging its obligations arising pursuant to such issuances and certain activities which are ancillary or incidental to the issuance program. The Issuer has issued share capital only in the amount of EUR 125,000. It is a public limited company incorporated under the laws of Liechtenstein. Should any unforeseen expenses or liabilities (which have not been provided for) arise, the Issuer may be unable to meet them, leading to an Event of Default under the ETI Securities.

1.2 **No Ringfencing of the assets of the Issuer**

The Issuer will incur obligations from time to time with respect to further Series of ETI Securities. There will be no ringfencing of the assets of the Issuer and all Series of ETI Securities will have recourse to a single pool of assets of the Issuer. Accordingly, investors in one Series of ETI Securities will be exposed to the risk of the Issuer defaulting under another Series of ETI Securities or otherwise being unable to discharge its obligations in respect of any other Series of ETI Securities. In the event that there is a shortfall in the assets of the Issuer such that it is unable to discharge its obligations in respect of the ETI Securities, such shortfall will be shared on a *pro rata* basis by all Series of ETI Securities.

1.3 **Creditworthiness and solvency risk of the Issuer**

In the event of the Issuer’s insolvency, investors run the risk of suffering the total loss of their investment. Capital protection is not applicable in respect of the Issuer or an investment in the ETI Securities. Investors in ETI Securities should therefore review their respective financial circumstances to determine whether they are in a position to bear the risks of loss associated with an investment in the ETI Securities, in particular a total loss risk.

2 **Risks relating to the ETI Securities**

2.1 **Nature of an investment in ETI Securities**

The ETI Securities are not principal protected and are a high-risk investment. The ETI Securityholders are neither assured of repayment of the capital invested nor are they assured of payment of any return on such capital.

Any payments to be made on the ETI Securities depend on the value of the relevant Underlying Securities to which they are linked. Should the Underlying Securities decrease in value, ETI Securityholders will incur a partial or total loss of their investment.

2.2 **Ability of the Issuer to meet its obligations in respect of the ETI Securities**

Holders of the ETI Securities will be exposed to the risk that the Issuer will have insufficient assets to meet its obligations under the ETI Securities. While the return payable by the Issuer on a redemption of the ETI Securities of each Series will be linked to the performance of the Underlying Securities to which that Series is linked, there can be no assurance that the Issuer will have sufficient assets to pay this amount. The Issuer intends to apply a portion of the net proceeds of issuing the ETI Securities to acquire Underlying Securities in an amount necessary to ensure that the Issuer's obligations under the ETI Securities are fully hedged and collateralised. However, there is no assurance that the Issuer will be able to acquire the

necessary amount of Underlying Securities. The Issuer does not have substantial assets other than the proceeds of the ETI Securities and accordingly the ability of the Issuer to meet its obligations under the ETI Securities will depend upon the performance of any investments acquired by the Issuer with the proceeds of the ETI Securities.

2.3 **Limited recourse nature of the ETI Securities**

In respect of any claim against the Issuer in relation to the ETI Securities, the Series Parties (other than the Issuing and Principal Paying Agent) and the ETI Securityholders shall have recourse only to the assets of the Issuer, subject always to the Programme Security, and following their realisation, the proceeds of such assets. Any claim in relation to the ETI Securities which is not discharged in full from the proceeds of enforcement of the Programme Security and any claims against the Issuer of any other creditors of the Issuer who have agreed to limit their recourse in respect of such claim to the assets of the Issuer (including claims in respect of any other Series of ETI Securities but excluding any claims of the Issuing and Principal Paying Agent) (all such inclusive claims, together the “**Pari Passu Claims**”) shall be reduced *pro rata* (such reduction to be determined by the Calculation Agent) so that the total value of all Pari Passu Claims and any other unsecured claims against the Issuer shall not exceed the aggregate value of any remaining assets of the Issuer following the enforcement of the Programme Security (the “**Remaining Assets**”). If, following realisation in full of the Programme Security and the Remaining Assets (whether by way of liquidation, enforcement or otherwise) and application of available cash sums as provided in the Programme Security Trust Deed, any outstanding claim of the Series Parties (other than the Issuing and Paying Agent) and the ETI Securityholders against the Issuer remains unpaid, then such outstanding claim shall be extinguished and no debt shall be owed by the Issuer in respect thereof. Following the extinguishment of any such claim, none of the Series Parties (other than the Issuing and Principal Paying Agent), the ETI Securityholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer in respect of such further sum. For the avoidance of doubt, the Issuing and Principal Paying Agent has not agreed to any limitation on its recourse against the Issuer or the Issuer’s assets or to the extinguishment of any claims it has or may have against the Issuer or the Issuer’s assets or to the steps that it may take against the Issuer.

2.4 **Programme Security**

The ETI Securities of each Series will benefit from security granted by the Issuer in favour of the Programme Security Trustee pursuant to the Programme Security Trust Deed. All Underlying Securities and related rights acquired by the Issuer from time to time will be subject to the security constituted by the Programme Security Trust Deed. All Series of ETI Securities will benefit from the security constituted by the Programme Security Trust Deed on a *pari passu* basis. The proceeds of enforcement of the security constituted by the Programme Security Trust Deed will be applied towards the payment of certain expenses of the Issuer in respect of the ETI Securities before being applied in payment of amounts outstanding under the ETI Securities. If the proceeds of the enforcement of the security are insufficient to discharge the obligations of the Issuer in full in respect of all ETI Securities, the shortfall will be shared on a *pro rata* basis by all Series of ETI Securities.

While recourse in respect of the ETI Securities will extend to all assets of the Issuer, the security constituted by the Programme Security Trust Deed will only extend to any

Underlying Securities and related rights acquired by the Issuer from time to time. If the proceeds of the enforcement of the security are insufficient to satisfy the obligations of the Issuer in respect of all Series of ETI Securities, the holders of the ETI Securities will rank as unsecured creditors in respect of any shortfall. In respect of such unsecured claims, the holders of the ETI Securities will rank *pari passu* with any other unsecured creditors of the Issuer. If the Issuer has insufficient assets to discharge its obligations in respect of all such unsecured claims, the shortfall will be shared on a *pro rata* basis by all unsecured creditors, including the holders of the ETI Securities of each Series.

2.5 **Liquidity**

Upon issuance of each Series of ETI Securities issued by the Issuer under the Programme, a secondary market for such Series will only exist for those ETI Securities listed at a secondary market. Those ETI Securities listed at the Regulated Unofficial Market operated by the Stuttgart Stock Exchange will be liquid on each trading day under normal trading conditions. EUWAX AG (a German-based provider of financial services) operates as liquidity provider for the Regulated Unofficial Market. The Issuer provides EUWAX AG with liquidity in order to ensure the ETI Securities are quoted at a max spread of 2.5% on each trading day under normal trading conditions. For avoidance of doubt for any ETI Securities listed at the Vienna MTF operated by the Vienna Stock Exchange, an unregulated market, there will be no obligation by the issuer to make a market and ensure any liquidity. Prospective purchasers of the ETI Securities should therefore recognise that they may not be able to make any transfer of the ETI Securities for a substantial period of time, if at all. Investors who wish to realise their investment may be required to redeem the ETI Securities and as described below, the right of redemption may be suspended by the Issuer at certain times. Investment in the ETI Securities is therefore only suitable for investors who are capable of bearing the economic risk of an investment in the ETI Securities for extended periods. The ETI Securities will be subject to restrictions on transfer as described under "*Subscription and Sale*".

2.6 **Suspension of Redemptions**

The Underlying Issuer can only suspend redemptions of the Underlying Securities in circumstances where (i) payments from any of the eligible brokers have ceased or (ii) any of the assets held in a Segregated Portfolio have been suspended from trading.

2.7 **Issuer call option**

The Issuer may at any time, in its sole and absolute discretion, elect to redeem all or some only of the ETI Securities of a Series. In exercising such discretion, the Issuer will have no regard to the interests of the ETI Securityholders, and ETI Securityholders may receive less, or substantially less, than their initial investment.

2.8 **Amendments**

The Note Trustee may in its sole or absolute discretion and subject to it being indemnified and/or secured and/or prefunded to its satisfaction agree, without the consent of the ETI Securityholders to (A) any modification to the Programme Security Trust Deed, the Conditions, the Trust Deed and / or any other Series Document to which the Note Trustee is a party which is, in the opinion of the Note Trustee, of a formal, minor or technical nature or is made to: (a) correct a manifest error; (b) comply with any mandatory provisions of

applicable law; or (c) cure, correct or supplement any defective provision of the Programme Security Trust Deed, the Conditions, any Trust Deed and / or any other Series Document; (B) any modification, and any waiver or authorisation of any breach or proposed breach of any of the Programme Security Trust Deed, the Conditions or any of the provisions of the Trust Deed and/or any other Series Document to which the Note Trustee is a party that is in the opinion of the Note Trustee not materially prejudicial to the interests of the ETI Securityholders; and (C) any modification to the Programme Security Trust Deed, the Conditions, any provisions of the Trust Deed and / or any other Series Document to which the Note Trustee is a party which the Issuer considers reasonably necessary as a result of any change in applicable law which has the effect of changing the regulatory status of the Issuer.

2.9 **ETI Securityholders' resolutions**

The Trust Deed includes provisions for the passing of resolutions (whether at a ETI Securityholders' meeting by way of vote or by written resolution) of the ETI Securityholders in respect of (among any other matters) amendments to the Conditions of the ETI Securities and / or any other agreements relating to the ETI Securities. Such provisions include, among other things, (i) quorum requirements for the holding of ETI Securityholders' meetings and (ii) voting thresholds required to pass resolutions at such meetings (or through written resolutions). The voting threshold at any ETI Securityholders' meeting to pass a resolution other than an Extraordinary Resolution is a clear majority of the votes cast at the meeting. The voting threshold at any ETI Securityholders' meeting in respect of an Extraordinary Resolution is at least 75 per cent. of the votes cast at the meeting (and, in the case of a written resolution, ETI Securityholders holding 75 per cent. of the aggregate number of ETI Securities outstanding who at such time are entitled to receive notice of a meeting).

ETI Securityholders should be aware that any resolution (including an Extraordinary Resolution) duly passed by ETI Securityholders of a Series will bind all the ETI Securityholders.

2.10 **Tracking error**

While the amount which an ETI Securityholder will be entitled to receive from the Issuer upon a redemption of its ETI Securities will be dependent upon the value of the relevant Underlying Securities, the amount received by an ETI Securityholder may be less than they would have received had they invested directly in the relevant Underlying Securities. Such a difference in the performance of the ETI Securities of a Series and the relevant Underlying Securities will arise due to the Issuer charging a 2% redemption fee.

2.11 **Clearing Systems**

Uncertificated ETI Securities issued under the Programme must be held through SIX Swiss Exchange and investors will not be entitled to receive individual certificates and will be able to trade their beneficial interests only through SIX Swiss Exchange. Holders of Uncertificated ETI Securities have to rely on the procedures of SIX Swiss Exchange for transfer, payment and communication with the Issuer.

Bearer ETI Securities issued under the Programme represented by a Global Bearer Security must be held through Clearstream or such Alternative Clearing System specified in the applicable Final Terms and investors will be able to trade their beneficial interests only

through Clearstream or such Alternative Clearing System. Holders of Bearer ETI Securities in the form of a Global Bearer Security have to rely on the procedures of Clearstream or such Alternative Clearing System for transfer, payment and communication with the Issuer.

2.12 **Not a bank deposit**

Any investment in the ETI Securities does not have the status of a bank deposit in Liechtenstein and is not within the scope of any deposit protection scheme. The Issuer is not regulated by the Liechtenstein Financial Market Authority by virtue of the issue of the ETI Securities.

3 **Risks relating to the Underlying Securities**

3.1 **Underlying Securities**

The return payable by the Issuer in respect of the ETI Securities of each Series will be linked to the performance of Underlying Securities issued by an Underlying Issuer, which are specified as being applicable in the relevant Final Terms for that Series. Furthermore, the Issuer may in its discretion use the proceeds of the ETI Securities to purchase Underlying Securities to which a Series is linked.

Such Underlying Securities do not offer principal protection but would be redeemed at a predetermined price linked primarily to the performance of an underlying asset or a portfolio of assets created by the relevant Underlying Issuer for such purposes pursuant to its articles of association and the Companies Law (as revised) of the Cayman Islands.

The assets to which the performance of the Underlying Securities is linked may be unpredictable and volatile and the relevant Underlying Issuer does not guarantee that any changes will be beneficial. As a result, the value of such Underlying Securities may decrease and accordingly an investor in the ETI Securities may receive less than the amount initially invested or even zero.

Furthermore, if the Issuer were to invest in such Underlying Securities it may on redemption receive less than the amount initially invested which may adversely affect its ability to discharge its obligations in respect of the ETI Securities. Furthermore, the relevant Underlying Issuer may decide, opt, fail or otherwise default in making any payment on the Underlying Securities which would, in turn, result in the Issuer being unable to effect payment to Investors. Any Underlying Securities acquired by the Issuer will not be held by the Issuer for the benefit of the Investors and ETI Securityholders will not have any claim in respect of any such assets or any rights of ownership, including, without limitation, any voting rights or rights to receive any distributions in respect of the relevant underlying assets. In addition, ETI Securityholders will have no claim against the relevant Underlying Issuer in relation to any such Underlying Securities acquired by the Issuer. The relevant Underlying Issuer has no obligation to act in the interests of Investors.

Under Cayman law the Underlying Issuer is not obliged to keep accounting records other than the asset balances. Any accounting standards and valuation methods agreed by the Issuer are therefore valid and binding. Investors attention is brought to the fact that they have no right to inspect any accounting records and/or valuations undertaken by the Underlying Issuer.

3.2 **No interest in the Underlying Securities**

For the avoidance of doubt, the ETI Securities issued under the Programme will not convey any interest in the Underlying Securities nor confer on the holders of such ETI Securities any right (whether in respect of voting, dividend or other distribution) which the holder of any of the Underlying Securities may have. The Issuer will not be an agent of the holders of the ETI Securities for any purpose.

3.3 **Nature of an investment in the Underlying Securities**

The Underlying Securities are not principal protected and any payments to be made on the Underlying Securities depend on the value of the related asset or the portfolio of assets maintained by the relevant Underlying Issuer. Should the related asset or the portfolio of assets decrease in value, the value of the Underlying Securities will correspondingly decrease which could result in holders of the ETI Securities incurring a partial or total loss of their investment.

3.4 **Risk of the Underlying Issuer**

By acquiring ETI Securities, investors will be exposed to the credit risk of the relevant Underlying Issuer specified in the Final Terms. The Issuer will similarly be exposed to the credit risk of the relevant Underlying Issuer if it directly acquires the Underlying Securities.

The Underlying Issuers are constituted as subsidiaries of the Issuer. Each Underlying Issuer is a special purpose entity with no business operations other than issuing the Underlying Securities, acquiring and owning the related assets or portfolios of assets, and entering into related transaction documents. Therefore, the ability of the relevant Underlying Issuer to meet its obligations under the Underlying Securities will depend, *inter alia*, upon the performance of the related assets or portfolios of assets. Other than the foregoing, the relevant Underlying Issuer will have no funds available to meet its obligations under the Underlying Securities.

3.5 **Information Regarding the Underlying Securities**

Certain information regarding the Underlying Securities and the Underlying Issuers is contained in this Base Prospectus. Such information has been extracted from information published by the Underlying Issuers. The Issuer confirms that such information has been accurately reproduced. No further or other responsibility in respect of such information is accepted by the Issuer. The Issuer has not separately verified such information. Accordingly, other than as stated above, no representation, warranty or undertaking, express or implied, is made, and no responsibility or liability is accepted, by the Issuer as to the accuracy or completeness of the information concerning the Underlying Securities and the Underlying Issuers contained in this Base Prospectus.

In addition to the information contained in this Base Prospectus, potential investors should consult the further information on the Underlying Issuer and the related Underlying Securities which can be found on the website of the Issuer, <https://imaps-capital.com/>. Potential Investors should conduct their own investigations and, in deciding whether or not to purchase ETI Securities, should form their own views on the Underlying Issuers and the Underlying Securities based on such investigations and not in reliance on any information given in this Base Prospectus.

3.6 **Provision of information**

None of the Series Parties (i) has provided or will provide prospective purchasers of ETI Securities with any information or advice with respect to the Underlying Securities, or (ii) makes any representation as to the quality of the Underlying Securities. The Series Parties may have acquired, or during the term of the ETI Securities may acquire, non-public information with respect to the Underlying Securities which will not be disclosed to investors. The timing and limited scope of the information provided to investors regarding the Underlying Securities may affect the liquidity of the ETI Securities and the ability to obtain valuations accordingly. None of the Series Parties is under any obligation to make such information, whether or not confidential, available to investors.

4 **Risks relating to taxation**

Each ETI Securityholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the ETI Securities. The Issuer will not pay any additional amounts to ETI Securityholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the ETI Securities. The tax legislation of the investor's Member State and of the issuer's country of incorporation may have an impact on the income received from the ETI Securities.

5 **Regulatory risk**

The Issuer is not required to be licensed, registered or authorised under any current securities, commodities, insurance or banking laws of its jurisdiction of incorporation and will operate without supervision by any authority in any jurisdiction. There is no assurance, however, that regulatory authorities in one or more jurisdictions would not take a contrary view regarding the applicability of any such laws to the Issuer. The taking of a contrary view by any such regulatory authority could have an adverse impact on the Issuer or the holders of ETI Securities. Prospective investors should note that because the Issuer and the ETI Securities will not be licensed, registered, authorised or otherwise approved by any regulatory or supervisory body or authority, many of the requirements attendant to such licensing, registration, authorisation or approval (which may be viewed as providing additional investor protection) will not apply.

The Issuer, when acting as distributor of ETI Securities as well as when acting as Master Investment Manager is exempt from Directive 2014/65/Eu of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and any applicable transposing, implementing or supplementing regulation and therefore not subject to any obligations and disclosure requirements thereunder.

6 **Risks relating to Conflicts of Interest**

One (1) or more individuals may hold shares in and/or may be appointed to the board of directors (whether as executive or non-executive directors) of the Issuer, any Underlying Issuer, the Calculation Agent, the Note Trustee, the Security Trustee and / or any Authorised Participants. Such person may have an interest in securing maximum profits for the entities in which he holds shares or of which he is a director to the detriment of the Issuer and ETI Securityholders.

iMaps ETI AG is acting in a number of capacities in connection with transactions under the Programme. For example, iMaps ETI AG will act as the Issuer and the Calculation Agent. Furthermore, iMaps ETI AG may act as investment manager or investment advisor to the Underlying Issuers. iMaps ETI AG will have only those duties and responsibilities expressly agreed to by it in the Conditions of the ETI Securities and the Series Documents to which it is a party and will not, by virtue of its or any of its affiliates acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided therein. The fact that iMaps ETI AG will act in a number of capacities gives rise to various potential conflicts of interest of which ETI Securityholders should be aware.

iMaps ETI AG will be the sole holder of the management shares of each Underlying Issuer. Aeternitas Imperium Privatstiftung (incorporated in Liechtenstein) is the majority shareholder of iMaps ETI AG holding 100% of its issued shares.

iMaps ETI AG may also be entitled to receive a number of fees in connection with the various capacities in which it is acting. For example, iMaps ETI AG may be entitled to receive a fee from the relevant Underlying Issuer and other service providers like prime brokers used by the Underlying Issuer.

Andreas Wöfl is a director of the Issuer, the Authorised Participant, the Calculation Agent and the Underlying Issuer as well as an indirect beneficial owner of the Issuer, the Authorised Participant, the Calculation Agent and the Underlying Issuer and thus may have an interest to maximise profits on these companies to the detriment of the ETI Securityholders.

7 Risks relating to other factors

7.1 No restrictions on activities

Any of the Series Parties and any affiliate of any of them or other person on their behalf may have existing or future business relationships (including depository, lending, advisory or any other kind of commercial or investment management activities or other business) with any of the other Series Parties and any affiliate of any of them or other person on their behalf and may purchase, sell or otherwise deal in any assets or obligations of, or relating to, any such party. Any of the Series Parties and any affiliate of any of them or other person on their behalf may act with respect to any such business, assets or obligations without regard to any possible consequences for the Issuer, the ETI Securities or any ETI Securityholder (or the impact of any such dealing on the interests of any ETI Securityholder) or otherwise.

7.2 Credit risk in respect of the Agents

The ability of the Issuer to meet its obligations under the ETI Securities will be dependent upon the Issuing and Principal Paying Agent making the relevant payments when due. Accordingly, ETI Securityholders are exposed, *inter alia*, to the creditworthiness of the Issuing and Principal Paying Agent.

7.3 Currency risk

ETI Securityholders may be exposed to currency risks, because (i) the Underlying Securities may be denominated in a currency other than the applicable currency of the ETI Securities; (ii) the ETI Securities are denominated in a currency other than that of the country in which

the ETI Securityholder is a resident; or (iii) the assets comprised in the portfolio to which the Underlying Securities are linked are denominated in a currency other than the applicable currency of the ETI Securities. The value of the ETI Securities may therefore increase or decrease, based on currency fluctuations.

7.4 **Risks in respect of the use of third-party asset managers**

Each prospective investor should be aware that the performance of the ETI Securities of a Series will be dependent to a large extent on the Portfolio Manager that has been appointed to manage the relevant Segregated Portfolio Assets in respect of such Series. The identity of the Portfolio Manager will be disclosed in the Final Terms in respect of the Series. The Issuer operates as a private label platform and offers selected third-party asset managers a platform through which to offer ETI Securities linked to investment strategies employed by such third-party asset managers. The Issuer has not assessed, and does not provide any representation, warranty or guarantee as to, any Portfolio Manager or the investment strategy or policy employed by any Portfolio Manager in connection with any Series of ETI Securities. Each prospective investor should undertake its own assessment of the relevant Portfolio Manager prior to making any investment in ETI Securities.

7.5 **Independent review and advice**

Each prospective investor must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the ETI Securities: (a) is fully consistent with its (or, if it is acquiring the ETI Securities in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition; (b) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the ETI Securities as principal or in a fiduciary capacity); and (c) is a fit, proper and suitable investment for it (or, if it is acquiring the ETI Securities in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the ETI Securities.

7.6 **No reliance**

Other than the Issuer disclosing these risk factors, the Series Parties and all affiliates of any of them cannot and do not have any duty to advise purchasers of the ETI Securities of suitability and investment considerations for such purchasers associated with the purchase of the ETI Securities as they may exist at the date hereof or from time to time hereafter.

Each prospective investor should ensure that it fully understands the nature of the transaction into which it is entering and the nature and extent of its exposure to the risk of loss of all or a substantial part of its investment. In relation to any issue of ETI Securities under the Programme, attention is drawn, in particular, to Condition 5.2 (*Limited Recourse and non-petition*) and Condition 11 (*Enforcement*).

ETI Securities issued by the Issuer under its Programme may be illiquid investments the purchase of which involves substantial risks. Neither the Issuer or any Authorised Participant will undertake to make a market in the ETI Securities of any Series, other than those listed and traded at the Regulated Unofficial Market operated by the Stuttgart Stock Exchange.

Investors' attention is also drawn to the Taxation section of this Base Prospectus.

The tax consequences for each investor in the ETI Securities can be different and therefore investors are advised to consult with their tax advisers as to their specific consequences.

THE CONSIDERATIONS SET OUT ABOVE ARE NOT, AND ARE NOT INTENDED TO BE, A COMPREHENSIVE LIST OF ALL CONSIDERATIONS RELEVANT TO A DECISION TO PURCHASE OR HOLD ANY ETI SECURITIES.

DOCUMENTS INCORPORATED BY REFERENCE

In accordance with Article 8(11) of the Prospectus Regulation, this Base Prospectus should also be read and construed in conjunction with the form of the Final Terms and the relevant Final Terms, which are incorporated by reference in this Base Prospectus.

This Base Prospectus may be supplemented from time to time.

Audited financial statements for the period ending 31 December 2023 and [31 December 2024] as well as unaudited financial statements for the period ending [30 June 2025] have been prepared and are included at Annex 1 of this Base Prospectus.

Copies of all documents incorporated by reference in this Base Prospectus can be found on the website of the Issuer, <http://www.imaps-capital.com/etis>.

GENERAL OVERVIEW OF THE PROGRAMME

The Issuer established the programme to issue ETI Securities in the form of derivative securities whose value is linked to a specific segregated portfolio. The Issuer positions itself as a private label platform for Exchange Traded Instruments / structured investment products / actively managed certificates and offers asset managers a platform to issue an exchange traded instrument repackaging their investment strategy into a structured investment product as a private label solution. Such asset managers might use the Issuer to launch exchange traded instruments / actively managed certificates to be offered to the public or within a private placement, or as a building block in an UCITS Fund, AIF Fund, or non-European Fund. Asset managers might also use the platform of the Issuer to launch a financial instrument repackaging collective investment schemes these Asset Managers are managing, which themselves are restricted from marketing in the European Union, whereas in such cases the Issuer will only issue ETI Securities as a non-exempt offering if such issuance is in line with the "Fairness Code - Undertaking by issuers to observe standards with respect to the structuring, issuing, marketing and trading of structured products" (the "**Fairness Code**") issued by Bundesverband für Strukturierte Wertpapiere, the Association of Derivative Securities Issuers in Germany.

For each Series issued the Issuer therefore will request from its 100% owned subsidiary, Pecunia SPC, to establish a Segregated Portfolio and issue Segregated Portfolio Securities which form the underlying of the ETI Securities. Under Cayman Islands law, a segregated portfolio company can establish segregated portfolios which are ringfenced from each other, as well as from the general assets of a company. This structure was set up by the Issuer to ensure that there is no contamination from one segregated portfolio to another, or from the general business of its subsidiary to one of the segregated portfolios and thus, indirectly to the ETI Securities.

Pecunia SPC has appointed iMaps ETI AG as its master investment manager for the Programme. iMaps ETI AG may request from Pecunia SPC to appoint third-party asset managers for some of the investment management functions within the segregated portfolio to on a per segregated portfolio basis (any such third-party asset manager, a "**Delegated Investment Manager**"). In such cases the Delegated Investment Manager get appointed by Pecunia SPC to manage the Custodian Account(s) of the relevant Segregated Portfolio, whereas iMaps ETI AG gets appointed to manage the warehouse account at Baader Bank (for subscriptions/redemptions/buy-backs and secondary market sales of ETI units). iMaps Where no Delegated Investment Manager gets appointed, the Issuer itself acts as manager of the whole underlying Segregated Portfolio (the Issuer acting in such capacity, or the Delegated Investment Manager where appointed, the "**Portfolio Manager**"). Where the Issuer itself acts as Portfolio Manager of the underlying Segregated Portfolio iMaps ETI AG might use advisors or track the portfolios of signal providers under a license agreement. Where a Delegated Investment Manager gets appointed, this Delegated Investment Manager acts as Portfolio Manager of the custodian accounts of the specific segregated portfolio. The Delegated Investment Manager will be disclosed in each Final Terms. The business model of the Issuer is focused on reaching out to asset managers that aim to act as Delegated Investment Managers and have the Issuer issue an Exchange Traded Instrument, repackaging their portfolio allocation as done within the segregated portfolio. Each segregated portfolio will have its main banking relationship with Baader Bank AG, Unterschleissheim, Germany, which is also acting as the Principal Paying Agent of most of the series of ETI Securities. For each Segregated Portfolio Pecunia SPC will open a specific bank & custody account at Baader Bank and all subscriptions & redemptions as well as any buy-backs and/or reselling of ETI units repackaging the value of the segregated portfolio will be done through these accounts (the "warehouse account")

The Issuer will request Pecunia SPC to open custody accounts with one or more of the brokers mentioned in the subsection entitled 'Custodians eligible within Segregated Portfolios'. In its capacity

as Master Investment Manager, the Issuer will define the general assets that can be included in the segregated portfolio. This can be all assets such custodians offer for clients from the general eligible assets, or it can be restricted to specific asset classes which each custodian offers. In the event any such custodian offers trading in derivative securities, the leverage is restricted to the leverage such custodian offers to retail investors in case of non-exempt offerings and to professional investors in case of an exempt offering. The Delegated Investment Manager thereafter forms a portfolio of specific assets which form the estate of the segregated portfolio. The Delegated Investment Manager can change the asset allocation on a continuous and discretionary basis which includes – for avoidance of doubt – changes on an intraday basis. Such changes in the asset allocation are calculated at net prices – thus any commission of the brokers (providing access to the general assets as to their price list) are included.

Information on Asset Allocation

As the value of the ETI Securities issued is linked to the value of Segregated Portfolios, which themselves are linked to the value of the Segregated Portfolio Assets, any such allocation of specific assets within the Segregated Portfolios have an influence on the performance of the ETI Securities. For each Series of ETI Securities which constitute a Non-exempt Offer, the Issuer will publish the asset allocation of the relevant Segregated Portfolio, including the specific assets within the Segregated Portfolio on a regular basis and at least on a monthly basis on its website at <http://www.imaps-capital.com/etis>. Such information may be accurate only as at the date and time it is published and may not reflect the asset allocation of the relevant Segregated Portfolio at any other date or time. The Issuer reserves the right not to publish such information relating to any Series offered as exempt offerings pursuant to the Prospectus Regulation.

Fees within Segregated Portfolios

Costs borne by each Segregated Portfolio impact on the performance of the relevant Portfolio Securities, and therefore impact on the performance of the relevant ETI Securities. The costs within each Segregated Portfolio, in addition to transaction costs for reallocations in the portfolio, are comprised of:

- Management Fees (as disclosed in the Final Terms) not exceeding 4.5% per annum in case of non-exempt offers;
- Performance Fees (as disclosed in the Final Terms) not exceeding 30% of the performance of the Segregated Portfolio in case of non-exempt offers; and
- Transactions Fees as per the standard business terms of the execution venues will apply on any reallocation within the portfolios.

Investors' attention is brought to the fact that ETI Securities trading on the stock exchanges are priced at a maximum spread of 2.5%. Investors therefore buy ETI Securities at a premium to the value of the Underlying Segregated Portfolio Securities and sell ETI Securities at a discount to the value of the Underlying Segregated Portfolio Securities.

The ETI Securities may, subject as provided below, be offered in certain Member States of the European Economic Area which have implemented the Prospectus Regulation in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to as a "**Public Offer**".

The Issuer has no responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such Public Offer.

Any Public Offer made without the consent of the Issuer is unauthorised and the Issuer does not accept any liability or responsibility for the actions of the persons making any such unauthorised offer. If, in the context of a Public Offer, any person is offered ETI Securities by a person which is not an Authorised Offeror, any potential investor should check with such person whether anyone is responsible for this Base Prospectus, and if so, who that person is. Applications for ETI Securities under Public Offers

Applications for the ETI Securities should be made directly to an Authorised Offeror.

Governing law

The governing law of the ETI Securities is Irish law.

OVERVIEW OF SERIES

NOTES

1. The Issuer has discretion with respect to how the issue proceeds of the ETI Securities are applied but will always invest such amount of the proceeds to subscribe underlying securities as shall be sufficient to ensure that the Issuer's obligations under the relevant ETI Securities are fully hedged and collateralised
2. The assets of the Issuer will be realised to discharge the obligations of the Issuer in respect of the ETI Securities.
3. The Redemption Amounts payable to ETI Securityholders (as calculated in accordance with the Conditions) will reflect the performance of the Underlying Securities. The ETI Securities shall not bear any interest.
4. The ETI Securities will benefit from Programme Security granted in favour of the Programme Security Trustee over any Underlying Securities and related rights acquired by the Issuer from time to time.

INVESTOR RETURN

ETI Securities of each Series will provide a return equal to the Redemption Amount (as described below) which will reflect the performance of the Underlying Securities.

The Final Terms for each Series of ETI Securities will specify the Underlying Security and related Underlying Issuer which are applicable for that Series. Details of the Underlying Issuers that may be specified in the Final Terms are included in the section of this Base Prospectus entitled “*The Underlying Issuers*”.

Redemptions shall be subject to a redemption fee of 2% for the benefit of the Issuer, which shall be reflected in the Redemption Amount. Accordingly, the Redemption Amount payable under the ETI Securities may diverge from the price of the Underlying Securities.

Redemption Amount

The Redemption Amount in respect of an ETI Security for any day (the “**Relevant Day**”), is calculated as follows:

$$\text{Redemption Amount} = \frac{\text{NAV}(t)}{\text{NAV}(0)} * \text{Denomination} * 0.98$$

Where:

“**NAV(t)**” means the NAV of the Underlying as at the NAV Day immediately preceding the Relevant Day;

“**NAV(0)**” means the NAV of the Underlying as at the first NAV Day immediately following the Series Issue Date;

“**NAV Day**”: Each day the Underlying Issuer accepts without restrictions subscriptions as well as redemptions in respect of the Underlying Security; and

“**NAV of the Underlying**”: means, in respect of each NAV Day, the price receivable by redeeming the Underlying Security on such NAV Day.

The ETI Securities are zero-coupon debt instruments and shall not bear any interest.

Redemption by ETI Securityholders

An ETI Securityholder which is not also an Authorised Participant may (subject as provided in the Conditions) on any Standard Redemption Day, require the Issuer to redeem all or any part of its holding of such ETI Securities by submitting to the Issuer a valid Redemption Order. Upon receipt of (i) a valid Redemption Order, and (ii) evidence, to the satisfaction of the Issuer (in its sole discretion) that the ETI Securities which are the subject of the Redemption Order have been transferred to an appropriate securities account held with a Paying Agent in the name of the Issuer (as specified in the then-current form of Redemption Order made available by the Issuer), the Issuer shall effect a Standard Redemption in accordance with the Conditions and the provisions of this section. There shall be at least one Standard Redemption Day in each calendar month.

An ETI Securityholder which is also an Authorised Participant may (subject as provided in the Conditions) on any AP Redemption Day require the Issuer to redeem all or part of its holding of ETI Securities at the Redemption Amount by submitting to the Issuer a valid Redemption Order in accordance with the relevant Authorised Participant Agreement.

Within ten Issuer Business Days after the Redemption Day in respect of any Redemption Order, the Issuer shall notify the relevant ETI Securityholder of the Redemption Amount payable in respect of ETI Securities which are the subject of that Redemption Order. The Redemption Amount in respect of ETI

Securities which are the subject of that Redemption Order shall be paid on the Redemption Settlement Date in respect of the relevant Redemption Day which shall be the tenth Issuer Business Day after the notification by the Issuer of the Redemption Amount for that Redemption Day.

The Issuer may at its discretion elect to satisfy requests for the redemption of ETI Securities by transfer of the appropriate number of ETI Securities to one or more Authorised Participants from ETI Securityholders requesting redemption, and for that purpose the Issuer may authorise any person on behalf of the ETI Securityholder to execute one or more instruments of transfer in respect of the relevant number of ETI Securities provided that the amount payable to the ETI Securityholder shall nonetheless be an amount equal to the relevant Redemption Amount and the relevant Redemption Settlement Date shall be the date of such transfer.

The Issuer may in accordance with the relevant Authorised Participant Agreement agree with any ETI Securityholder which is also an Authorised Participant to satisfy any requests for the redemption of any ETI Securities by the transfer to, or to the order of, such ETI Securityholder on the Redemption Settlement Date of Underlying Securities with a value determined by the Calculation Agent to be equal to the Redemption Amount.

Suspension of Optional Redemptions

The Issuer may suspend the right to request redemptions of ETI Securities at any time while the redemption of the Underlying Securities has been suspended by the Underlying Issuer. Unless terminated earlier by the Issuer in its sole and absolute discretion, such suspension shall continue until such time as the suspension of the Underlying Securities terminates. The Underlying Issuer can only suspend redemptions of the Underlying Securities in circumstances where (i) payments from any of the eligible brokers have ceased or (ii) any of the assets held in a Segregated Portfolio have been suspended from trading.

The Issuer shall give notice of any such suspension and of the termination of any such suspension to the Series Parties and the ETI Securityholders in accordance with Condition 17, as soon as reasonably practicable, but the failure to give such any such notice shall not prevent the exercise of such discretions.

Issuer Call Redemption Event

The Issuer may, on giving an irrevocable notice to the ETI Securityholders of any Series (such notice, the "**Issuer Call Redemption Notice**"), elect to redeem all or some only of the ETI Securities and designate a Redemption Day for such purposes, provided that the date designated as the Redemption Day shall not be earlier than the first calendar day following the expiry of the Issuer Call Redemption Notice Period. Within ten Issuer Business Days after the Redemption Day designated by the Issuer the Issuer shall notify the ETI Securityholders of the Redemption Amount payable in respect of the ETI Securities which are the subject of the Issuer Call Redemption Notice. Each ETI Security which is to be redeemed on such Redemption Day designated by the Issuer shall become due and payable on the related Redemption Settlement Date at its Redemption Amount. In the event that only some of the outstanding ETI Securities of a Series are called for redemption pursuant to an Issuer Call Redemption Notice, a *pro rata* portion of each ETI Securityholder's ETI Securities of that Series shall be subject to such redemption.

The Issuer may specify in an Issuer Call Redemption Notice that the obligation of the Issuer to pay the relevant Redemption Amount shall be satisfied by the delivery to the ETI Securityholders of ETI Securities of a different Series (as specified in the Issuer Call Redemption Notice) having a value, as determined by the [Calculation Agent], equivalent to the relevant Redemption Amount (such ETI

Securities, “**Issuer Call Equivalent Securities**”). An Issuer Call Redemption Notice in which the Issuer has made such specification shall be an “**Issuer Call Redemption by Exchange Notice**”. Subject to the below paragraph, where the Issuer has given an Issuer Call Redemption by Exchange Notice, the obligation of the Issuer to pay the Redemption Amount in respect of that redemption shall be satisfied by the delivery of the Issuer Call Equivalent Securities to or to the order of the relevant ETI Securityholder and the Issuer shall thereafter have no obligation to pay any Redemption Amount to the relevant ETI Securityholder.

Where the Issuer has given an Issuer Call Redemption by Exchange Notice, the relevant Redemption Day shall not be earlier than the later of (i) the first calendar day following the expiry of the Issuer Call Redemption Notice Period; and (ii) the first Business Day falling one month after the date of the Issuer Call Redemption by Exchange Notice. An ETI Securityholder may, within one calendar month following the giving of an Issuer Call Redemption by Exchange Notice, request in writing to the Issuer that such ETI Securityholder’s ETI Securities shall be subject to a cash redemption (an “**Issuer Call Cash Redemption Request**”). Where the Issuer receives an Issuer Call Cash Redemption Request within the applicable time period, the Redemption Amount in respect of such ETI Securityholder’s ETI Securities shall be paid in cash and not by the delivery of Issuer Call Equivalent Securities, as if (as between the Issuer and the relevant ETI Securityholder) the relevant Issuer Call Redemption Notice had not been an Issuer Call Redemption by Exchange Notice. For the avoidance of doubt, the delivery by one ETI Securityholder of an Issuer Call Cash Redemption Request shall not impact on the rights or obligations of the Issuer with respect to any other ETI Securityholder.

Perpetual ETI Securities.

The ETI Securities are perpetual securities and do not have a specified maturity date.

Calculation of Redemption Amounts

The Redemption Amount for ETI Securities will be calculated by the Calculation Agent.

Information on the Underlying Securities

The value of the ETI Securities is linked to Segregated Portfolio Securities issued by the Underlying Issuer and thus dependent on several factors on the level of the relevant underlying segregated portfolio. To grant transparency to investors, the Issuer will publish relevant information on the underlying securities and the underlying segregated portfolio on its website www.imaps-capital.com/etis in a separate document called “Information on the Underlying Segregated Portfolio”. Such information shall at least include

- Name and address of any appointed delegated investment manager
- A description of the investment policy set within any delegated investment management agreement disclosing the maximum leverage and a break down of all asset classes that are eligible for investments by the delegated investment manager
- Detailed breakdown of costs charged to the segregated portfolio that reduce the value of the segregated portfolio securities and thus the value of the ETI Securities. This is also outlined in the section of this Base Prospectus entitled “*Fees within Segregated Portfolios*”.
- List of Bankers, Brokers & Custodians (together “Execution Venues”) used by the segregated portfolio including the regulatory status relating to Brokers eligible within the segregated

portfolios is also outlined in the section of this Base Prospectus entitled "*Brokers eligible within Segregated Portfolios*".

- List of eligible assets that can comprise – up to the discretion of the delegated investment manager
- The valuation principles to determine the value of the underlying segregated portfolio securities the ETI Securities are linked to.

Information on Asset Allocation

As the value of the ETI Securities issued is linked to the value of Segregated Portfolios, which themselves are linked to the value of the Segregated Portfolio Assets, any such allocation of specific assets within the Segregated Portfolios have an influence on the performance of the ETI Securities. For each Series of ETI Securities which constitute a Non-exempt Offer, the Issuer will publish the asset allocation of the relevant Segregated Portfolio, including the specific assets within the Segregated Portfolio on a regular basis and at least on a monthly basis on its website at <http://www.imaps-capital.com/etis>. Such information may be accurate only as at the date and time it is published and may not reflect the asset allocation of the relevant Segregated Portfolio at any other date or time. The Issuer reserves the right not to publish such information relating to any Series offered as exempt offerings pursuant to the Prospectus Regulation.

Fees within Segregated Portfolios

Costs borne by each Segregated Portfolio impact on the performance of the relevant Portfolio Securities, and therefore impact on the performance of the relevant ETI Securities. The costs within each Segregated Portfolio, in addition to transaction costs for reallocations in the portfolio, are comprised of:

- Management Fees (as disclosed in the Final Terms) not exceeding 4.5% per annum in case of non-exempt offers; and 6.0% per annum in case of exempt offers
- Performance Fees (as disclosed in the Final Terms) not exceeding 30% of the performance of the Segregated Portfolio in case of non-exempt offers; and 70% of the performance of the Segregated Portfolio in case of exempt offers; and
- Transactions Fees as per the standard business terms of the execution venues will apply on any reallocation within the portfolios.

Investors' attention is brought to the fact that ETI Securities trading on the stock exchanges are priced at a maximum spread of 2.5%. Investors therefore buy ETI Securities at a premium to the value of the Underlying Segregated Portfolio Securities and sell ETI Securities at a discount to the value of the Underlying Segregated Portfolio Securities.

not less than three-quarters of the issued Portfolio Shares of that class and of any other class of Portfolio Shares which may be affected by such variation or by a special resolution (i.e. a resolution passed by a three-quarters majority of those persons present and entitled to vote in favour of the resolution) passed at a separate class meeting of the holders of the shares of such class or by unanimous written resolution of such separate class. In the event that the liabilities of a particular Segregated Portfolio exceed its assets, then the proportion of liabilities in excess of the assets shall not be allocated to the other Segregated Portfolios. The creditors of that Segregated Portfolio whose liabilities exceed its assets shall have no claim or right of action against the assets of the other Segregated Portfolios and of Pecunia SPC. In terms of Cayman Islands law, the legal status of each Segregated Portfolio as a pool of assets and liabilities separate from the assets and liabilities of each other Segregated Portfolio and as a pool of assets and liabilities separate from the assets and liabilities of Pecunia SPC, shall be respected in any proceedings which may be instituted in terms of the Companies Law (as revised) of the Cayman Islands (as amended or revised from time to time) when such proceedings either relate to the liquidation, dissolution and consequential winding-up of Pecunia SPC or its re-organisation. Any such proceedings in relation to any one Segregated Portfolio shall not have any effect on the assets of any other Segregated Portfolio or of Pecunia SPC. The directors of Pecunia SPC shall hold or shall cause to be held such separate accounts, records, statements and other documents as may be necessary to evidence the liabilities and assets of each Segregated Portfolio as distinct and separate from the assets and liabilities of all the other Segregated Portfolios and of Pecunia SPC.

Master Investment Manager

Pecunia SPC has appointed iMaps ETI AG as its master investment manager for the Programme. iMaps ETI AG may request from Pecunia SPC to appoint third-party asset managers for some of the investment management functions within the segregated portfolio to on a per segregated portfolio basis (any such third-party asset manager, a "**Delegated Investment Manager**"). In such cases the Delegated Investment Manager get appointed by Pecunia SPC to manage the Custodian Account(s) of the relevant Segregated Portfolio, whereas iMaps ETI AG gets appointed to manage the warehouse account at Baader Bank (for subscriptions/redemptions/buy-backs and secondary market sales of ETI units). iMaps Where no Delegated Investment Manager gets appointed, the Issuer itself acts as manager of the whole underlying Segregated Portfolio (the Issuer acting in such capacity, or the Delegated Investment Manager where appointed, the "**Portfolio Manager**"). Where the Issuer itself acts as Portfolio Manager of the underlying Segregated Portfolio iMaps ETI AG might use advisors or track the portfolios of signal providers under a license agreement. Where a Delegated Investment Manager gets appointed, this Delegated Investment Manager acts as Portfolio Manager of the custodian accounts of the specific segregated portfolio. The Delegated Investment Manager will be disclosed in each Final Terms. The business model of the Issuer is focused on reaching out to asset managers that aim to act as Delegated Investment Managers and have the Issuer issue an Exchange Traded Instrument, repackaging their portfolio allocation as done within the segregated portfolio. Each segregated portfolio will have its main banking relationship with Baader Bank AG, Unterschleissheim, Germany, which is also acting as the Principal Paying Agent of most of the series of ETI Securities. For each Segregated Portfolio Pecunia SPC will open a specific bank & custody account at Baader Bank and all subscriptions & redemptions as well as any buy-backs and/or reselling of ETI units repackaging the value of the segregated portfolio will be done through these accounts (the "warehouse account")

The Issuer will request Pecunia SPC to open brokerage accounts with one or more of the brokers mentioned in the subsection entitled 'Brokers eligible within Segregated Portfolios'. In its capacity as Master Investment Manager, the Issuer will define the general assets that can be included in the segregated portfolio. This can be all assets such brokers execute for clients from the general eligible assets, or it can be restricted to specific asset classes which each broker offers. In the event any such broker offers trading in derivative securities, the leverage is restricted to the leverage such broker offers under its standard business terms. The Delegated Investment Manager thereafter forms a portfolio of specific assets which form the estate of the segregated portfolio. The Delegated Investment Manager can change the asset allocation on a continuous and discretionary basis which includes – for avoidance of doubt – changes on an intraday basis. Such changes in the asset allocation are calculated at net prices – thus any commission of the brokers (providing access to the general assets as to their price list) are included.

(G) property other than investments and derivatives shall be valued in such manner and at such time or times as the Directors shall from time to time determine;

(H) notwithstanding any of the foregoing sub-paragraphs, the Directors may adjust the value of any investment or other property or permit some other method of valuation to be used if they consider that in the circumstances (including without limitation a material volume of subscription or redemption of Portfolio Securities in the Segregated Portfolio; or the marketability of the investments or other property; or such other circumstances as the Directors deem appropriate) such adjustment or other method of valuation should be adopted to reflect more fairly the value of such investment or other property;

(I) every Portfolio Security allotted by the Company shall be deemed to be in issue and the Segregated Portfolio shall be deemed to include the net amount of any cash or other property to be received in respect of each such Portfolio Security;

(J) where, in consequence of any notice or redemption request duly given, a reduction of the Segregated Portfolio by the cancellation of Portfolio Securities has been or is to be effected but payment in respect of such reduction has not been completed, the Portfolio Securities in question shall be deemed not to be in issue and any amount payable in cash or investments out of the Segregated Portfolio in pursuance of such reduction shall be deducted;

(K) where any investment or other property has been agreed to be acquired or realised but such acquisition or disposal has not been completed, such investment or other property shall be included or excluded, as the case may be, and the gross acquisition or net disposal consideration excluded or included as the case may require as if such acquisition or disposal had been duly completed;

(L) there shall be included in the assets an amount equal to all such costs, charges, fees and expenses as the Directors may have determined to amortise less the amount thereof which has previously been or is then to be written off;

(M) where an amount in one currency is required to be converted into another currency the Issuer may effect such conversion using such rates as the Directors shall determine at the relevant time except where otherwise specifically provided herein;

(N) there shall be deducted from the assets such sum in respect of tax (if any) as in the estimate of the Directors will become payable in respect of the current Accounting Period;

(O) where the current price of an investment is quoted, ex dividend or interest, there shall be added to the assets a sum representing the amount of such dividend or interest receivable by the Company (on behalf of the Segregated Portfolio) but not yet received;

(P) investments in cryptocurrencies are valued either at the price of the broker statement or at the price published at coinmarketcap.com. Where statements are not provided by the broker or crypto exchange, the investments will be valued at the price shown on the relevant website and a screenshot taken as evidence. If a third-party valuation tool is available for use by the Company, then the value of the investments provided by the tool shall be relied upon by the Company unless there is evidence that the valuation provided is materially incorrect.; and

(Q) securities tracking the value of the Portfolio Securities shall be valued at the value of the Portfolio Securities and netted with the Portfolio Securities for NAV Calculation purposes.

The Directors may, after consultation with the Portfolio Manager, adjust the value of any investment or other property or permit some other method of valuation to be used if they consider that in the circumstances (including without limitation a material volume of subscriptions or requests for repurchase of ETI Securities; or the marketability of the investments or other property; or such other circumstances as the Directors deem appropriate) such adjustment or other method of valuation should be adopted to reflect more fairly the value of such Investment or other property. All values assigned by the Directors, in consultation with the Portfolio Manager to any investment and/or liability of the Company shall be final and conclusive (in the absence of manifest error, meaning the valuation error exceeds 5%, which shall be notified to the Calculation Agent within 30 Business Days). Valuations and any other related information obtained by the Directors may not be subject to independent review or investigation and the Company, the Portfolio Manager, the Broker and Custodian are entitled to rely on such valuations and information without independent verification.

If the value of a Segregated Portfolio's assets is adjusted after any Valuation Date, the Directors will not be required to revise or recalculate the Net Asset Value on the basis of which subscriptions, redemptions or exchange of Portfolio Securities of that Segregated Portfolio may have been previously accepted. For the purpose of the calculation of the NAV per Portfolio Securities, the value of assets or liabilities denominated in a currency other than the Base Currency of that Portfolio Security shall be determined by taking into account the rate of exchange prevailing at the time of the determination of the Net Asset Value.

NAV per Portfolio Security

Where there is one issue of Portfolio Securities in a Segregated Portfolio, its NAV per Portfolio Security shall be determined by calculating the Net Asset Value less the value of securities tracking the value of the Portfolio Securities divided by the number of Portfolio Securities outstanding less the number of securities tracking the value of the Portfolio Securities. Otherwise, the NAV of each Portfolio Security in a Segregated Portfolio shall be determined by calculating the Net Asset Value attributable to the issue of Portfolio Securities of which that Portfolio Security forms part divided by the number of Portfolio Securities outstanding in that class as at the time that the calculation is made. The NAV per Portfolio Security shall be rounded to two (2) decimal places and shall be expressed in the Base Currency of the Portfolio Securities concerned.

Valuation Errors

None of the Issuer, the Company, the Calculation Agent or the Investment Manager shall be responsible for any error in calculating the value of assets if the Issuer, the Company or the Investment Manager, as the case may be, has acted in good faith when making such calculations, and no adjustment shall be made to the values of any assets (in the absence of manifest error, meaning the valuation error exceeds 5%, which shall be notified to the Calculation Agent within 30 Business Days).

5.1 **Money received by the Note Trustee**

Pursuant to the terms of the Trust Deed, the Issuer agrees, on any date on which a payment of Redemption Amount under these Conditions in respect of any ETI Securities becomes due, unconditionally to pay the Note Trustee (or to the order of the Note Trustee) in same day cleared funds, in accordance with the Trust Deed, the Redemption Amount in respect of the ETI Securities which is due and payable on that date.

Notwithstanding anything to the contrary in these Conditions or the Trust Deed, (1) payment of any Redemption Amount due under the ETI Securities pursuant to the Conditions made to the Issuing and Principal Paying Agent as provided in the Paying Agent Agreement shall, to that extent, satisfy the Issuer's obligation to make payments of Redemption Amount in respect of the ETI Securities to the Note Trustee for the account of the ETI Securityholders except to the extent that there is failure by the Issuing and Principal Paying Agent to pass such payment to the relevant ETI Securityholders and (2) a payment of any Redemption Amount made after the due date or as a result of the ETI Securities becoming repayable following an Event of Default shall be deemed to have been made when the full amount due has been received by the Issuing and Principal Paying Agent or the Note Trustee and notice to such effect has been given by the Issuing and Principal Paying Agent to the ETI Securityholders, except to the extent that there is failure by the Issuing and Principal Paying Agent to pass such payment to the relevant ETI Securityholders. Under the terms of the Trust Deed, the Note Trustee holds the benefit of this covenant on trust for itself and the ETI Securityholders according to their respective interests.

All moneys received by or on behalf of the Note Trustee in respect of the ETI Securities, or amounts payable by the Issuer under the Trust Deed or any other Series Document, will, despite any appropriation of all or part of them by the Issuer, be held by the Note Trustee on trust to apply them, if received prior to the delivery by the Note Trustee of an Event of Default Redemption Notice, in accordance with the Programme Pre-Enforcement Priority of Payments and, if received after the delivery by the Note Trustee of an Event of Default Redemption Notice, in accordance with the Programme Post-Enforcement Priority of Payments.

If the Note Trustee holds any moneys in respect of ETI Securities that have become void or in respect of which claims have become prescribed, the Note Trustee will hold them on trust as described above.

5.2 **Limited recourse and non-petition**

In respect of any claim against the Issuer in relation to the ETI Securities, the Series Parties (other than the Issuing and Principal Paying Agent) and the ETI Securityholders shall have recourse only to the assets of the Issuer, subject always to the Programme Security, and following their realisation, the proceeds of such assets. Any claim in relation to the ETI Securities which is not discharged in full from the proceeds of enforcement of the Programme Security and any claims against the Issuer of any creditors of the Issuer who have agreed to limit their recourse in respect of such claim to the assets of the Issuer (including claims in respect of any other Series of ETI Securities but excluding any claims of the Issuing and Principal Paying Agent) (all such inclusive claims, together the "**Pari Passu Claims**") shall be reduced pro rata (such reduction to be determined by the Calculation Agent) so that the total value of all Pari Passu Claims and any other unsecured claims against the Issuer shall not exceed the aggregate value of any remaining assets of the Issuer following the enforcement of the Programme Security (the "**Remaining Assets**"). If, following realisation in full of the Programme Security and the Remaining Assets (whether by way of liquidation

or enforcement) and application of available cash sums as provided in this Condition 5 and the Programme Security Trust Deed, as applicable, any outstanding claim of the Series Parties (other than the Issuing and Paying Agent) and the ETI Securityholders against the Issuer remains unpaid, then such outstanding claim shall be extinguished and no debt shall be owed by the Issuer in respect thereof. Following the extinguishment of any such claim, none of the Series Parties (other than the Issuing and Principal Paying Agent), the ETI Securityholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer in respect of such further sum. For the avoidance of doubt, the Issuing and Principal Paying Agent has not agreed to any limitation on its recourse against the Issuer or the Issuer's assets or to the extinguishment of any claims it has or may have against the Issuer or the Issuer's assets or to the steps that it may take against the Issuer.

Only the Note Trustee may pursue the remedies available under the relevant Trust Deed and only the Programme Security Trustee may pursue the remedies available under the relevant Programme Security Trust Deed to enforce the Programme Security and the rights of the Programme Secured Creditors. None of the Series Parties (other than the Issuing and Principal Paying Agent) or the ETI Securityholders or any person acting on behalf of any of them may, at any time, bring, institute or join with any other person in bringing, instituting or joining insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its assets. For the avoidance of doubt, the Issuing and Principal Paying Agent has not agreed to any restriction preventing it from taking any of the proceedings mentioned in this Condition 5.2.

The provisions of this Condition 5.2 shall survive notwithstanding any redemption of the ETI Securities or the termination or expiration of any Series Document.

6 Security

6.1 Security

The Programme Secured Obligations of the Issuer shall be secured by the Programme Security which shall be constituted by the Programme Security Trust Deed as continuing security for the Programme Secured Obligations. The Programme Security is granted to the Programme Security Trustee in respect of the Programme Secured Property which shall include any Underlying Securities acquired by the Issuer from time to time.

6.2 Enforcement of the Programme Security

The Programme Security shall become enforceable upon the receipt by the Programme Security Trustee of an Event of Default Redemption Notice in accordance with the Conditions of any Series of ETI Securities from the Note Trustee following the occurrence of an Event of Default.

6.3 Realisation of Programme Security

At any time after the Programme Security has become enforceable, the Note Trustee may, at its discretion, and shall, if so directed in writing by holders of at least a majority of the ETI Securities then outstanding of any Series or by an Extraordinary Resolution of the ETI

Securityholders of any Series (a copy of which has been provided to the Note Trustee), in each case subject to its having been pre-funded and/or secured and/or indemnified to its satisfaction by the ETI Securityholders in accordance with the relevant Trust Deed, direct the Programme Security Trustee to enforce the Programme Security.

6.4 **Application of proceeds of enforcement of Security**

Pursuant to the terms of the Programme Security Trust Deed, the proceeds derived from the realisation of the Programme Secured Property will be applied in accordance with the Programme Post-Enforcement Priority of Payments.

6.5 **Restrictions applicable to the Programme Secured Property**

The Issuer shall not sell, redeem, transfer or otherwise dispose of any of the Underlying Securities that are the subject of the Programme Security without the prior written consent of the Programme Security Trustee which consent shall be provided upon the production of evidence in a form satisfactory to the Programme Security Trustee that such action is required in connection with a redemption of the ETI Securities of any Series.

7 **Redemption**

7.1 An ETI Securityholder which is also an Authorised Participant may (subject as provided herein) on any AP Redemption Day require the Issuer to redeem all or part of its holding of ETI Securities at the Redemption Amount for that AP Redemption Day by submitting to the Issuer a valid Redemption Order in accordance with the relevant Authorised Participant Agreement.

7.2 An ETI Securityholder which is not also an Authorised Participant may (subject as provided herein) on any Standard Redemption Day, require the Issuer to redeem all or any part of its holding of such ETI Securities at the Redemption Amount for that Standard Redemption Day by submitting a valid Redemption Order to the Issuer. Upon receipt of (i) a valid Redemption Order, and (ii) evidence, to the satisfaction of the Issuer (in its sole discretion), that the ETI Securities which are the subject of the Redemption Order have been transferred to an appropriate securities account held with a Paying Agent in the name of the Issuer, the Issuer shall effect a Standard Redemption in accordance with these Conditions. There shall be at least one Standard Redemption Day in each calendar month.

7.3 **Redemption Orders**

7.3.1 A Redemption Order shall only be valid if:

7.3.1.1 it specifies the number and Series (including the ISIN) of any ETI Securities to be redeemed and, in the case of a Redemption Order submitted by an ETI Securityholder which is not an Authorised Participant, the full legal name and registered address of the ETI Securityholder that is submitting the Redemption Order;

7.3.1.2 in respect of a Redemption Order submitted by an ETI Securityholder which is not an Authorised Participant in respect of a Standard Redemption Day, it is received by the Issuer between the period commencing on the preceding Standard Redemption Day and ending on the twenty-first Issuer Business Day

(inclusive) prior to the Standard Redemption Day in respect of which it has been submitted;

- 7.3.1.3 in respect of a Redemption Order submitted by an ETI Securityholder which is an Authorised Participant in respect of an AP Redemption Day, it is received by the Issuer before 12:00 pm (Zurich time) on the Issuer Business Day prior to the AP Redemption Day in respect of which it has been submitted;
 - 7.3.1.4 in respect of a Redemption Order submitted by an ETI Securityholder which is not an Authorised Participant and in respect of ETI Securities in the form of Definitive Securities, if required by the Issuer, it specifies the Redemption Account into which the Redemption Amount shall be payable in respect of any ETI Security to be redeemed (which shall be an appropriate account held with a financial institution in the European Economic Area, the United Kingdom or Switzerland) and appropriate wire instructions; and
 - 7.3.1.5 the number of ETI Securities to be redeemed would not result in any Maximum Daily Redemption Limit being exceeded (for the purposes of which, Redemption Orders shall be dealt with in order of their actual receipt by the Issuer).
- 7.3.2 If the Issuer determines that a Redemption Order is invalid in whole or in part, it shall notify the ETI Securityholder of that fact as soon as reasonably practicable and no ETI Securities may be redeemed pursuant to a Redemption Order that the Issuer has determined in its absolute discretion is invalid.
- 7.3.3 Within ten Issuer Business Days after the Redemption Day in respect of any Redemption Order, the Issuer shall notify the relevant ETI Securityholder of the Redemption Amount payable in respect of ETI Securities which are the subject of that Redemption Order. The Redemption Amount in respect of ETI Securities which are the subject of that Redemption Order shall be paid on the Redemption Settlement Date in respect of the relevant Redemption Day.
- 7.3.4 The Issuer may change or vary the procedures for the submission of Redemption Orders on five calendar days' prior notice to the ETI Securityholders in accordance with Condition 17 and these Conditions shall be interpreted accordingly.

7.4 **Settlement of Redemptions**

- 7.4.1 The Issuer may at its discretion elect to satisfy requests for the Redemption of ETI Securities by transfer of the appropriate number of ETI Securities to one or more Authorised Participants from ETI Securityholders requesting redemption, and for that purpose the Issuer may authorise any person on behalf of the ETI Securityholder to execute one or more instruments of transfer in respect of the relevant number of ETI Securities provided that the amount payable to the ETI Securityholder shall nonetheless be an amount equal to the relevant Redemption Amount and the relevant Redemption Settlement Date shall be the date of such transfer.
- 7.4.2 The Issuer may in accordance with the relevant Authorised Participant Agreement agree with any ETI Securityholder which is also an Authorised Participant to satisfy any requests for the redemption of any ETI Securities by the transfer to, or to the order of, such ETI Securityholder on the Redemption Settlement Date of Underlying Securities with a value determined by the Calculation Agent to be equal to the Redemption Amount.

7.5 Suspension of Optional Redemptions

- 7.5.1 The Issuer may suspend the right to request redemptions of ETI Securities pursuant to Condition 7.1 and Condition 7.2 at any time when the redemption of the Underlying Securities has been suspended by the Underlying Issuer. The Underlying Issuer can only suspend redemptions of the Underlying Securities in circumstances where (i) payments from any of the eligible brokers have ceased or (ii) any of the assets held in a Segregated Portfolio have been suspended from trading.
- 7.5.2 The following provisions shall apply where redemptions have been suspended pursuant to this Condition 7.5:
- 7.5.2.1 the Issuer shall give notice of any such suspension and of the termination of any such suspension to the Series Parties and the ETI Securityholders in accordance with Condition 17, as soon as reasonably practicable, but the failure to give such any such notice shall not prevent the exercise of such discretions;
 - 7.5.2.2 unless terminated earlier by the Issuer in its sole and absolute discretion, any such suspension shall continue until such time as the suspension of the Underlying Securities terminates; and
 - 7.5.2.3 any suspension shall not affect any redemption pursuant to a Redemption Order, the Redemption Day for which had passed before the suspension commenced, but any Redemption Order in respect of ETI Securities submitted or deemed to be received in respect of a Redemption Day when the right to request redemption of the ETI Securities pursuant to Condition 7.1 or Condition **Error! Reference source not found.** is suspended pursuant to this Condition 7.5 shall be invalid.

7.6 Issuer Call Redemption Event

- 7.6.1 The Issuer may, on giving an irrevocable notice to the ETI Securityholders in accordance with Condition 17, elect to redeem all or some only of the ETI Securities and designate a Redemption Day for such purposes, provided that the date designated as the Redemption Day shall not be earlier than the first calendar day following the expiry of the Issuer Call Redemption Notice Period (such notice an **"Issuer Call Redemption Notice"**). In the event that only some of the outstanding ETI Securities are called for redemption pursuant to an Issuer Call Redemption Notice, a pro rata portion of each ETI Securityholder's ETI Securities shall be subject to such redemption. The Issuer shall give a copy of the Issuer Call Redemption Notice to each of the Series Parties on the same date as such notice is given to the ETI Securityholders.
- 7.6.2 Within ten Issuer Business Days after the Redemption Day designated by the Issuer pursuant to Condition 7.6.1, the Issuer shall notify the ETI Securityholders of the Redemption Amount payable in respect of the ETI Securities which are the subject of the Issuer Call Redemption Notice.
- 7.6.3 Each ETI Security which is to be redeemed on a Redemption Day designated by the Issuer pursuant to Condition 7.6.1 shall become due and payable on the related Redemption Settlement Date at its Redemption Amount.

7.6.4 The Issuer may specify in an Issuer Call Redemption Notice that the obligation of the Issuer to pay the relevant Redemption Amount shall be satisfied by the delivery to the ETI Securityholders of ETI Securities of a different Series (as specified in the Issuer Call Redemption Notice) having a value, as determined by the [Calculation Agent], equivalent to the relevant Redemption Amount (such ETI Securities, **“Issuer Call Equivalent Securities”**). An Issuer Call Redemption Notice in which the Issuer has made such specification shall be an **“Issuer Call Redemption by Exchange Notice”**. Subject to the below paragraph, where the Issuer has given an Issuer Call Redemption by Exchange Notice, the obligation of the Issuer to pay the Redemption Amount in respect of that redemption shall be satisfied by the delivery of the Issuer Call Equivalent Securities to or to the order of the relevant ETI Securityholder and the Issuer shall thereafter have no obligation to pay any Redemption Amount to the relevant ETI Securityholder.

7.6.5 Where the Issuer has given an Issuer Call Redemption by Exchange Notice, the date designated as the Redemption Day in such Issuer Call Redemption by Exchange Notice shall not be earlier than the later of (i) the first calendar day following the expiry of the Issuer Call Redemption Notice Period; and (ii) the first Business Day falling one month after the date the Issuer Call Redemption by Exchange Notice is delivered. An ETI Securityholder may, within one calendar month following the giving of an Issuer Call Redemption by Exchange Notice, request in writing to the Issuer that such ETI Securityholder’s ETI Securities shall be subject to a cash redemption (an **“Issuer Call Cash Redemption Request”**). Where the Issuer receives an Issuer Call Cash Redemption Request within the applicable time period, the Redemption Amount in respect of such ETI Securityholder’s ETI Securities shall be paid in cash and not by the delivery of Issuer Call Equivalent Securities, as if (as between the Issuer and the relevant ETI Securityholder) the relevant Issuer Call Redemption Notice had not been an Issuer Call Redemption by Exchange Notice. For the avoidance of doubt, the delivery by one ETI Securityholder of an Issuer Call Cash Redemption Request shall not impact on the rights or obligations of the Issuer with respect to any other ETI Securityholder.

8 **Payments, calculations, Agents and records**

8.1 **Payments**

Payments of principal, interest and other amounts in respect of ETI Securities shall be made, subject to applicable fiscal and other laws and regulations of the Relevant Clearing System(s), to the Relevant Clearing System(s) or to its/their order for credit to the account(s) of the relevant accountholder(s) in accordance with the regulations of the Relevant Clearing System(s). The Issuer and the Issuing and Principal Paying Agent shall be discharged by payment or delivery to, or to the order of, such accountholders.

8.2 **Payments net of Taxes**

All payments in respect of the ETI Securities shall be made net of and after allowance for any withholding or deduction for, or on account of, any Taxes. In the event that any withholding or deduction for, or on account of, any Tax applies to payments in respect of the ETI Securities, the ETI Securityholders will be subject to, and shall not be entitled to receive amounts to compensate for, any such Tax or deduction. No Event of Default shall occur as a result of any such withholding or deduction.

8.3 **Calculations**

8.3.1 The Calculation Agent will, as soon as reasonably practicable on such date and/or at such time as the Calculation Agent is required in accordance with the Calculation Agency Agreement and the Conditions and any other Relevant Provisions, perform such duties and obligations as are required to be performed by it in accordance therewith.

8.3.2 The calculation by the Calculation Agent of any amount, price, rate or value required to be calculated by the Calculation Agent under the Relevant Provisions shall be made in good faith and shall (in the absence of manifest error, which shall be notified to the Calculation Agent within 30 Business Days) be final and binding on the Issuer, the ETI Securityholders and the Series Parties.

8.4 **Calculation by Note Trustee**

If at any time the Calculation Agent does not make any calculation relating to the Redemption Amount when required pursuant to the Conditions and the Series Documents, then the Note Trustee may appoint an agent on its behalf to make any calculation in place of the Calculation Agent provided that the Note Trustee shall have been pre-funded and/or secured and/or indemnified to its satisfaction by one or more ETI Securityholders in accordance with the Trust Deed. Any such calculation made on behalf of the Note Trustee shall for the purposes of the Conditions and the Series Documents be deemed to have been made by the Calculation Agent. In doing so, the appointed agent shall apply the provisions of the Conditions and/or the relevant Series Document(s), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in the circumstances. In the absence of fraud, negligence and wilful default, the Note Trustee directly or its agent shall not be liable (whether directly or indirectly, in contract, in tort or otherwise) to the Issuer, the ETI Securityholders or any Series Party for any calculation (or any delay in making any calculation) so made.

8.5 **Calculation Agent**

8.5.1 Subject as provided in the Conditions and the Calculation Agency Agreement, the Issuer shall use all reasonable efforts to procure that there shall at all times be a Calculation Agent (which, for the avoidance of doubt, may be the Issuer) for so long as any of the ETI Securities are outstanding. If the Calculation Agent resigns or its appointment is terminated for any reason, the Issuer shall use all reasonable efforts to appoint a reputable entity that provides services of a similar type to those required of the Calculation Agent under the Relevant Provisions.

8.5.2 The Calculation Agent shall not be liable (whether directly or indirectly, in contract, in tort or otherwise) to the Issuer, any ETI Securityholder, any other Series Party or any other person for any Loss incurred by any such person that arises out of or in connection with the performance by the Calculation Agent of its obligations under the Calculation Agency Agreement, the Conditions and the other Relevant Provisions provided that nothing shall relieve the Calculation Agent from any Loss arising by reason of acts or omissions constituting bad faith, fraud or gross negligence of the Calculation Agent (any such act or omission, a "**Calculation Agent Breach**").

8.5.2.1 If the Calculation Agent would, but for the operation of this Condition 8.5.2.1, be held liable for any Loss arising as the result of a Calculation Agent Breach, the Calculation Agent shall nevertheless incur no liability to the Issuer, any ETI Securityholder, any other Series Party or any other person if such Calculation Agent Breach results solely and directly from either (i) the failure by any other Series Party to provide any notice, instruction or direction which such Series Party is required or permitted to give under the Conditions or any relevant Series Document or (ii) a delay in the delivery by any other Series Party of any notice, instruction or direction which such Series Party is required or permitted to give to the Calculation Agent under the Conditions or any relevant Series Document.

8.5.2.2 If the Calculation Agent would, but for the operation of this Condition 8.5.2.2, be held liable for any Loss arising as the result of a Calculation Agent Breach, the Calculation Agent shall nevertheless incur no liability to the Issuer, any ETI Securityholder, any other Series Party or any other person if such Calculation Agent Breach results solely and directly from the reliance by the Calculation Agent upon a rate, amount, quotation, value or other calculation or determination notified to the Calculation Agent pursuant to the Conditions and/or any relevant Series Document which is made by another Series Party in accordance with the Conditions and the terms of any relevant Series Document.

8.5.3 The Calculation Agent has no obligation towards or relationship of agency or trust with any ETI Securityholder.

8.5.4 The Calculation Agent has no duties or responsibilities except those expressly set forth in the Conditions, the Calculation Agency Agreement and the other Relevant Provisions and no implied or inferred duties or obligations of any kind will be read into the Calculation Agency Agreement against or on the part of the Calculation Agent. The Calculation Agent will not, and will not be deemed to, assume or be liable for the obligations or duties of the Issuer or any other person under the Conditions, the Trust Deed or any other Series Document unless otherwise agreed pursuant to the Relevant Provisions.

8.5.5 If and for so long as the Issuer is the Calculation Agent, any provision of the Conditions which purports to limit the liability, obligations or duties of the Calculation Agent shall be without prejudice to the liability, obligations and duties that the Issuer otherwise has to the ETI Securityholders and the Series Parties pursuant to the Conditions and the Series Documents.

8.6 **Appointment of Agents**

Save as provided below, the Agents act solely as agents of the Issuer. The Agents do not assume any obligation or relationship of agency or trust for or with any ETI Securityholder. The Issuer reserves the right at any time with the prior written approval of the Note Trustee and in accordance with the provisions of the Calculation Agency Agreement and the Paying Agent Agreement, as applicable, to vary or terminate the appointment of the Issuing and Principal Paying Agent or the Calculation Agent and to appoint additional or other Paying Agents or Calculation Agents. Without prejudice to the provisions for the automatic

termination of the appointment of an Agent in connection with the occurrence of an insolvency or similar event or proceedings in the relevant Series Documents, the Issuer shall use reasonable endeavours to at all times maintain (i) an Issuing and Principal Paying Agent and (ii) a Calculation Agent (which for the avoidance of doubt may be the Issuer) and (iii) such other agents as may be required by these Conditions or any stock exchange on which the ETI Securities may be listed, in each case, as approved by the Note Trustee. Notice of any change of Agent or any change to the specified office of an Agent shall promptly be given to the ETI Securityholders by the Issuer in accordance with Condition 17.

Pursuant to the terms of the Trust Deed, at any time after an Event of Default or a Potential Event of Default has occurred in relation to the ETI Securities, the Note Trustee may (i) by notice in writing to the Issuer, the Issuing and Principal Paying Agent, the Calculation Agent and any other Agents, require any and all of such Agents, until notified by the Note Trustee to the contrary, so far as permitted by applicable law to (a) act as agent of the Note Trustee under the Trust Deed and the ETI Securities *mutatis mutandis* on the terms of the Paying Agent Agreement and the Calculation Agency Agreement, as applicable (with consequential amendments as necessary) and except that the Note Trustee's liability for the indemnification, remuneration and all other expenses of such Agents (if any) shall be limited to the amounts for the time being held by the Note Trustee in respect of the ETI Securities on the terms of the Trust Deed and which are available (after application in accordance with the relevant order of priority referred to in Condition 5) to discharge such liability; or (b) deliver the ETI Securities and all moneys, documents and records held by them in respect of the ETI Securities to or to the order of the Note Trustee or as the Note Trustee directs in such notice, and (ii) by notice in writing to the Issuer require it to make all subsequent payments in respect of the ETI Securities to or to the order of the Note Trustee and not to the Issuing and Principal Paying Agent with effect from the receipt of any such notice by the Issuer.

8.7 **Business day conventions**

- 8.7.1 If any date for payment in respect of any ETI Security is not a Currency Business Day and a Clearing System Business Day, the holder shall not be entitled to payment until the next following day which is both a Currency Business Day and a Clearing System Business Day or to any interest or other sum in respect of such postponed payment.
- 8.7.2 If any date referred to in the Conditions would otherwise fall on a day that is not an Issuer Business Day, then such date shall be postponed to the next day that is an Issuer Business Day.

8.8 **Records**

For so long as the ETI Securities are represented by a Global Bearer Security in NGN form, the records of the Relevant Clearing Systems (which expression in this Condition 8.8 means the records that each Relevant Clearing System holds for its customers which reflect the amount of such customers' interests in the ETI Securities) shall be conclusive evidence of the number of the ETI Securities represented by the Global Bearer Security and, for these purposes, a statement issued by the Relevant Clearing System (which statement shall be made available to the bearer upon request) stating the number of ETI Securities represented by the Global Bearer Security at any time shall be conclusive evidence of the records of the Relevant Clearing System at that time.

8.9 Negotiability of Global Bearer Security

If the ETI Securities are Bearer ETI Securities represented by a Global Bearer Security, the Global Bearer Security is a bearer document and negotiable and accordingly:

- 8.9.1 is freely transferable by delivery and such transfer shall operate to confer upon the transferee all rights and benefits appertaining hereto and to bind the transferee with all obligations appertaining hereto pursuant to these Conditions;
- 8.9.2 the holder of the Global Bearer Security is and shall be absolutely entitled as against all previous holders to receive all amounts by way of amounts payable upon redemption or otherwise payable in respect of the Global Bearer Security and the Issuer waives as against such holder and any previous holder of the Global Bearer Security all rights of set-off or counterclaim that would or might otherwise be available to it in respect of the obligations evidenced by the Global Bearer Security; and
- 8.9.3 payment upon due presentation of the Global Bearer Security will operate as a good discharge against such holder and all previous holders of the Global Bearer Security.

9 Prescription

Claims against the Issuer for payment under the Conditions in respect of the ETI Securities shall be prescribed and become void unless made within 10 years from the date on which the payment of Redemption Amount in respect of the ETI Securities first became due or (if any amount of the money payable was improperly withheld or refused) the date on which payment in full of the amount outstanding was made or (if earlier) the date seven days after that on which notice is duly given to the ETI Securityholders that, upon further presentation of the ETI Security being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation (such date the “**Relevant Date**”) save that if the ETI Securities are in global bearer form claims in respect of Redemption Amount in respect of the relevant Global Bearer Security shall become void unless the Global Bearer Security is presented for payment within a period of 10 years from the appropriate Relevant Date.

10 Events of Default

- 10.1 If any of the following events (each, an “**Event of Default**”) occurs, the Note Trustee at its discretion may or will, if so directed in writing by holders of at least a majority of the ETI Securities then outstanding or if so directed by an Extraordinary Resolution, a copy of which has been provided to the Note Trustee (provided that in each case the Note Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction by one or more ETI Securityholders in accordance with the Trust Deed), give notice to the Issuer (copied to the Programme Security Trustee and each other Series Party) (such notice an “**Event of Default Redemption Notice**”) that the ETI Securities are, and they shall immediately become, due and payable at their Redemption Amount as at the date of the Event of Default Redemption Notice and, in accordance with the Programme Security Trust Deed, instruct the Programme Security Trustee to enforce the Programme Security:

- 10.1.1 the Issuer defaults in the payment of any sum due in respect of the ETI Securities, or any of them or in respect of any other indebtedness of the Issuer including in respect of the ETI Securities, or any of them, of any other Series issued under the Programme for a period of 14 calendar days or more;
- 10.1.2 a Risk Capital Default Event occurs;
- 10.1.3 the Issuer does not perform or comply with any one or more of its obligations (other than a payment obligation) under the ETI Securities, the Trust Deed or any other Series Document in respect of any Series issued under the Programme, which default is incapable of remedy or, if in the opinion of the Note Trustee capable of remedy, is not remedied within 30 calendar days (or such longer period as the Note Trustee may permit) after notice of such default shall have been given to the Issuer by the Note Trustee (and, for these purposes, a failure to perform or comply with an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time);
- 10.1.4 any order shall be made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer, save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution; or
- 10.1.5 an Event of Default (as defined in the terms and conditions of the relevant Series) occurs in respect of any other Series of ETI Securities issued by the Issuer under the Programme.

The Issuer will, as soon as reasonably practicable after receipt of any Event of Default Redemption Notice, give notice thereof to the ETI Securityholders in accordance with Condition 17 and to the Authorised Participant(s).

The Issuer has undertaken in the Trust Deed that, in the month in each year in which the anniversary of the execution of the first Constituting Instrument executed by the Issuer and the Note Trustee under the Programme falls and also within 14 calendar days of any request by the Note Trustee, it will send to the Note Trustee a certificate of the Issuer signed by any two directors of the Issuer to the effect that, such directors having made all reasonable enquiries, to the best of the knowledge, information and belief of the Issuer as at a date (the “**Certification Date**”) not more than 5 calendar days before the date of the certificate no Event of Default or Potential Event of Default has occurred since the Certification Date of the last such certificate or (if none) the date of such Constituting Instrument or, if such an event has occurred, giving details of it and confirming that the Issuer has, to the best of the knowledge, information and belief of the Issuer, since the date of the last such Certification Date, complied with its obligations under the relevant Trust Deed.

11 Enforcement

Pursuant to the terms of the Trust Deed, only the Note Trustee may, at its discretion and without further notice, take such action or step or institute such proceedings against the Issuer, as it may think fit to enforce the rights of the holders of the ETI Securities against the Issuer whether the same arise under general law, the Trust Deed or the ETI Securities, any

other Series Document or otherwise, but, in each case, it need not take any such action or step or institute proceedings unless in accordance with the terms of the Trust Deed, the Note Trustee is so directed by an Extraordinary Resolution a copy of which has been provided to the Note Trustee or notified in writing by holders of at least a majority of the ETI Securities then outstanding and it shall have been secured and/or pre-funded and/or indemnified to its satisfaction.

None of the ETI Securityholders shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails or neglects to do so within a reasonable time and such failure is continuing.

The ETI Securityholders acknowledge and agree that only the Programme Security Trustee may enforce the Programme Security in accordance with, and subject to the terms of, the Programme Security Trust Deed.

12 **Restrictions**

So long as any of the ETI Securities remain outstanding, the Issuer shall not, without the prior written consent of the Note Trustee:

- 12.1.1 release any party to the relevant Trust Deed or any other relevant Series Document relating to a Series of ETI Securities from any existing obligations thereunder (other than as contemplated by the relevant Trust Deed and / or the Conditions relating to such Series of ETI Securities);
- 12.1.2 consent to any variation of, or exercise any powers or consent or waiver pursuant to, the terms of the Conditions, the relevant Trust Deed or any other Series Document relating to any Series of ETI Securities (other than as contemplated or permitted by the Conditions and the relevant Series Documents);
- 12.1.3 have any employees (provided this shall not prevent the appointment of the directors);
- 12.1.4 incur any other indebtedness for borrowed moneys, other than, subject to Condition 16, issuing further ETI Securities under the Programme (which may or may not form a single Series with the ETI Securities of any Series and may or may not be guaranteed by a third party), provided that any such further ETI Securities rank *pari passu* with all other ETI Securities issued under the Programme; and
- 12.1.5 sell, transfer, redeem or otherwise dispose of any assets that are the subject of the Programme Security or any other part of the Programme Secured Property or any right or interest therein or thereto or create or allow to exist any charge, lien or other encumbrance over such Programme Secured Property except in accordance with the Programme Security Trust Deed.

13 **Risk Capital Ratio**

- 13.1 On each Quarterly Assessment Date, the Risk Capital Ratio shall be calculated by the Calculation Agent and notified to the Issuer and the Note Trustee.

13.2 If on any Quarterly Assessment Date the Risk Capital Ratio is greater than the Risk Capital Maximum Level, the Issuer shall take commercially reasonable steps to remedy such breach before the Reassessment Date.

13.3 If on any Quarterly Assessment Date, the Risk Capital Ratio is greater than the Risk Capital Maximum Level, the Calculation Agent shall on the immediately following Reassessment Date calculate the Risk Capital Ratio and notify the result of such calculation to the Note Trustee and the Issuer. If on such Reassessment Date the Risk Capital Ratio remains greater than the Risk Capital Maximum Level, a “**Risk Capital Default Event**” shall be deemed to have occurred as of that Reassessment Date.

14 **Meetings of ETI Securityholders, modification, waiver, substitution and restrictions**

14.1 **Meetings of ETI Securityholders**

The Trust Deed contains provisions for convening meetings of the ETI Securityholders to consider any matter affecting their interests, including modification by Extraordinary Resolution of the ETI Securities (including these Conditions or the provisions of the Trust Deed insofar as the same may apply to such ETI Securities).

The holder of a Global Bearer Security representing all of the ETI Securities for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 75 per cent. of the aggregate number of the ETI Securities for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of ETI Securityholders.

14.2 **Modification of the relevant Series Documents**

- 14.2.1 The Note Trustee may agree, without the consent of the ETI Securityholders, to:
- 14.2.1.1 any modification to the Programme Security Trust Deed, these Conditions, the Trust Deed and/or any other Series Document to which the Note Trustee is a party which is, in the opinion of the Note Trustee, of a formal, minor or technical nature or is made to: (a) correct a manifest error; (b) comply with any mandatory provisions of applicable law; or (c) cure, correct or supplement any defective provision of the Programme Security Trust Deed, any Trust Deed and / or any other Series Document,
 - 14.2.1.2 any modification, and any waiver or authorisation of any breach or proposed breach of any of the Programme Security Trust Deed, these Conditions or any of the provisions of the Trust Deed and/or any other Series Document to which the Note Trustee is a party that is in the opinion of the Note Trustee not materially prejudicial to the interests of the ETI Securityholders; and
 - 14.2.1.3 any modification to the Programme Security Trust Deed, these Conditions, any provisions of the Trust Deed and / or any other Series Document to which the Note Trustee is a party which the Issuer considers reasonably necessary as a result of any change in applicable law which has the effect of changing the regulatory status of the Issuer
- 14.2.1.4 Any such modification, authorisation or waiver as referred to in this Condition 14.2 will be binding on the ETI Securityholders and, if the Note Trustee so requires, such modification will be notified by the Issuer to the ETI Securityholders in accordance with Condition 17 as soon as reasonably practicable.
- 14.2.2 The Issuer may agree, without of the consent of the Note Trustee or the ETI Securityholders, to any modification to these Conditions, the Trust Deed and/or any other Series Document (whether or not the Note Trustee is a party thereto) which is not specifically stated therein to require the consent of the Note Trustee or the ETI Securityholders, including any modification which is made in connection with the accession of a new Authorised Participant to the Programme.

14.3 **Substitution**

The Note Trustee may, with the consent of the ETI Securityholders given by way of Extraordinary Resolution, agree to the substitution in place of the Issuer (or of any previous substitute) as the principal debtor under the relevant Trust Deed, the other Series Documents to which it is a party and the ETI Securities of each Series, of any other company (incorporated in any jurisdiction), subject to any conditions of such substitution approved by the ETI Securityholders in the Extraordinary Resolution.

14.4 **Entitlement of the Note Trustee**

In accordance with the terms of the Trust Deed, in connection with the exercise of its functions under the relevant Series Documents, the Note Trustee will have regard to the interests of the ETI Securityholders as a Series and will not have regard to the consequences of such exercise for individual ETI Securityholders and the Note Trustee will not be entitled to require, nor shall any ETI Securityholder be entitled to claim, from the Issuer any indemnification or payment in respect of any Tax consequence of any such exercise upon individual ETI Securityholders.

So long as the ETI Securities are in global bearer form and such Global Bearer Security is held by or on behalf of the Relevant Clearing System, in considering the interests of ETI Securityholders, the Note Trustee may have regard to any information provided to it by the Relevant Clearing System or its operator as to the identity (either individually or by category) of its accountholders or participants with entitlements to any such Global Bearer Security and may consider such interests on the basis that such accountholders or participants were the holder(s) thereof.

14.5 **Prohibition on U.S. persons**

ETI Securities may not be legally or beneficially owned by any U.S. person at any time nor offered, sold or delivered within the United States or to U.S. persons. The Issuer has the right, at its option, to refuse to recognise any such transfer or to compel any legal or beneficial owner of ETI Securities who contravenes such prohibition to void the transfer of such ETI Securities to such legal or beneficial owner or to redeem any such ETI Securities held by such legal or beneficial owner. Transfers may be voided by the Issuer by compelling a sale by such legal or beneficial owner or by the Issuer selling such ETI Securities on behalf of such legal or beneficial owner. Terms used in this Condition 14.5 have the meanings given to them by Regulation S under the Securities Act.

14.6 **ERISA prohibition**

ETI Securities may not be legally or beneficially owned by any entity that is, or that is using the assets of, (a) (i) an “**Employee Benefit Plan**” (as defined in Section 3(3) of the United States Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”)) that is subject to the fiduciary responsibility requirements of Title I of ERISA, (ii) any plan to which Section 4975 of the United States Internal Revenue Code of 1986, as amended (the “**Code**”) applies (a “**Plan**”) or (iii) an entity whose constituent assets include “**Plan Assets**” (as determined pursuant to the “**Plan Assets Regulation**” issued by the United States Department of Labor at 29 C.F.R. Section 2510.3-101 as modified by Section 3(42) of ERISA) by reason of any such Employee Benefit Plan’s or Plan’s investment in the entity or (b) a non-U.S. plan, governmental plan, church plan or other plan that is subject to any federal, state, local, non-U.S. or other law or regulation that is similar to the provisions of Section 406 of ERISA or Section 4975 of the Code (a “**Similar Law**”) unless its acquisition and holding and disposition of such Security, or any interest therein, has not and will not constitute a violation of such Similar Law. The Issuer has the right, at its option, to refuse to recognise any such transfer or to compel any legal or beneficial owner of ETI Securities who contravenes such prohibition to void the transfer of such ETI Securities to such legal or beneficial owner or to redeem any such ETI Securities held by such legal or beneficial owner. Transfers may be voided by the Issuer by compelling a sale by such legal or beneficial owner or by the issuer selling such ETI Securities on behalf of such legal or beneficial owner. Terms used in this Condition 14.6 have the meanings given to them by the Code.

15 **Replacement of ETI Securities**

If an ETI Security in bearer form is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Principal Paying Agent or such other Paying Agent, as the case may be, as may, from time to time, be designated by the Issuer for the purpose and notice of whose designation is given to ETI Securityholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith

and on such terms as to evidence, security, indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed ETI Security is subsequently presented for payment there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such ETI Security) and otherwise as the Issuer may require. Mutilated or defaced ETI Securities must be surrendered before replacements will be issued.

16 **Issue of further Tranches and Series of ETI Securities**

16.1 **Further Tranches**

The Issuer may, from time to time (without the consent of the Note Trustee or any ETI Securityholder), in accordance with the Trust Deed, the Conditions and the Authorised Participant Agreement(s), create and issue further securities either having the same terms and conditions as the ETI Securities in all respects and so that such further issue shall be consolidated and form a single Series with the ETI Securities or upon such terms as the Issuer may determine at the time of their issue and/or incur further obligations relating to such securities.

The Issuer shall not issue ETI Securities of any Series to any person unless the Issue Price of such ETI Securities is equal to or greater than the Redemption Amount which would be payable in respect of such Securities on the relevant Subscription Date.

An Authorised Participant may request that the Issuer issue additional Tranches of the ETI Securities by delivering a valid Subscription Order subject to and in accordance with the terms of the relevant Authorised Participant Agreement.

The Issuer will only accept a Subscription Order and issue ETI Securities if:

- 16.1.1 a Subscription Order is given by an Authorised Participant and determined to be valid by or on behalf of the Issuer;
- 16.1.2 the acceptance of such Subscription Order will not cause any Subscription Limit for the ETI Securities to be exceeded; and
- 16.1.3 all conditions precedent to an issue of the ETI Securities are satisfied.

In accordance with the terms of the Authorised Participant Agreement(s), the Issuer will not be obliged to accept any Subscription Order and/or issue ETI Securities if a Subscription Suspension Event has occurred and is continuing. If an Issuer Call Redemption Notice is delivered the last day on which the Issuer is required to accept a valid Subscription Order shall be the fifth Issuer Business Day preceding the related Redemption Day designated in such notice.

The Issuer may suspend the issuance of further ETI Securities at any time. If a Subscription Suspension Event occurs, the Issuer shall not accept any Subscription Orders for the ETI Securities with effect from the date of suspension specified in the relevant notice to the Calculation Agent and the Authorised Participants until such time (if any) as the Issuer notifies such Series Parties that it shall recommence the issue of further Tranches of the ETI Securities. The effective date of any such suspension will be specified in the related notice and will be a day not earlier than the Subscription Date following the date of such notice. The Issuer shall give notice to ETI Securityholders in accordance with Condition 17 of any such

suspension as soon as reasonably practicable after giving any notice of suspension of subscriptions.

In relation to any Subscription Order which has been accepted by or on behalf of the Issuer but in respect of which the Subscription Settlement Date has not yet occurred as at the date of the occurrence of an Event of Default, each such Subscription Order shall automatically be cancelled with effect from the date of the occurrence of such Event of Default.

In relation to any Subscription Order which is valid but in respect of which the ETI Securities are pending issue and settlement to the relevant Authorised Participant as at the date of delivery of an Event of Default Redemption Notice (due to the Subscription Settlement Date not having occurred at such date, the relevant Authorised Participant not having delivered in full the relevant subscription amount on a Subscription Settlement Date falling prior to such date, or otherwise), any such Subscription Order shall automatically be cancelled with effect from such date of delivery of an Event of Default Redemption Notice (as applicable).

If at any time after the occurrence of the Subscription Settlement Date in respect of which the relevant Authorised Participant has not paid in full the related subscription amount an Event of Default Redemption Notice is delivered, the ETI Securities issued on any such Subscription Settlement Date which are pending settlement to the relevant Authorised Participant shall automatically be cancelled with effect from the date of delivery of an Event of Default Redemption Notice (as applicable). ETI Securities requested for issue and subscribed for by an Authorised Participant may be held on an inventory basis by such Authorised Participant and offered for sale and/or sold over a period of time.

In relation to any Subscription Order, in satisfaction of the relevant subscription amount, the Issuer may agree with the relevant Authorised Participant to accept the delivery to, or to the order of, the Issuer of Underlying Securities which the Calculation Agent determines have a value on the Subscription Date, after taking account of any costs of transfer or delivery which are to be discharged by the Issuer, which is equal to or greater than the subscription amount.

Notwithstanding the above, the Issuer may from time to time issue ETI Securities of any Series to an investor on such terms as the Issuer and such investor may agree provided that the Issue Price of such ETI Securities shall not be less than the Redemption Amount which would be payable in respect of such Securities on the relevant Subscription Date.

Any new securities forming a single Series with the ETI Securities and which are expressed to be constituted by the Trust Deed will, upon the issue thereof by the Issuer, be constituted by the Trust Deed and secured by the Programme Security Trust Deed without any further formality and irrespective of whether or not the issue of such securities contravenes any covenant or other restriction in the Trust Deed or the Programme Security Trust Deed and shall be secured by the Programme Secured Property.

For avoidance of doubt the Issuer may establish further programmes to issue any kind of securities without consent of the ETI Securityholders or the Note Trustee.

17 **Notices**

17.1 All notices to ETI Securityholders will be deemed to have been duly given and valid:

- 17.1.1 if published on the internet on the website www.imaps-capital.com or any successor webpage thereto and any such notice shall be deemed to have been given on the day of publication on the website; and
- 17.1.2 for so long as the ETI Securities are listed on any Relevant Stock Exchange, they are published in accordance with the rules and regulations of such Relevant Stock Exchange or other relevant authority; and
- 17.1.3 for so long as the ETI Securities are in global form, notices required to be given in respect of the ETI Securities represented by a Global Bearer Security are given by their being delivered (so long as the Global Bearer Security is held on behalf of a Relevant Clearing System) to the Relevant Clearing System, or otherwise to the holder of the Global Bearer Security, rather than by publication as required above. Any such notice shall be deemed to have been given to the holders of the ETI Securities on the Clearing System Business Day immediately following the day on which the notice was given to the Relevant Clearing System.
- 17.2 Failure to give notice where required will not invalidate any determination, calculation or correction, as applicable.

18 **Relevant Clearing System**

None of the Issuer, the Note Trustee or the Agents will have any responsibility for the performance by the Relevant Clearing System (or its participants or indirect participants) of any of their respective obligations under the rules and procedures governing their operations.

19 **Governing law and jurisdiction**

19.1 **Governing law**

The Trust Deed and the ETI Securities (including any Global Bearer Security), and any non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, Irish law.

19.2 **Jurisdiction**

The courts of Ireland are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any ETI Securities and, accordingly, any legal action or proceedings arising out of or in connection with any ETI Securities ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objections to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is for the benefit of each of the Note Trustee and the ETI Securityholders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

20 **Service of process**

The Issuer has by executing the Constituting Instrument irrevocably appointed the person specified therein as its process agent to receive, for it and on its behalf, service of process

in any Proceedings in Ireland. Service of process on such process agent shall be deemed valid service upon the Issuer whether or not it is forwarded to and received by the Issuer. The Issuer shall inform the Note Trustee in writing of any change in its process agent's address within 28 calendar days of such change. If for any reason such process agent ceases to be able to act as such or no longer has an address in Dublin, the Issuer irrevocably agrees to appoint a substitute process agent in Ireland reasonably acceptable to the Note Trustee and to deliver to it a copy of the substitute process agent's written acceptance of that appointment, within 14 calendar days.

USE OF PROCEEDS

Subject as provided herein and in the Conditions, the Issuer will have discretion as to how the net proceeds from each issue of ETI Securities will be applied.

The Issuer will invest such portion of the net proceeds of each issue of ETI Securities in Underlying Securities (the "**Pledged Securities**") as necessary to keep 100% collateralised. Pursuant to the Programme Security Trust Deed, the Issuer will grant a security interest over the Pledged Securities in favour of the Programme Security Trustee as security for the Issuer's obligations under the ETI Securities. The Pledged Securities acquired by the Issuer and secured in favour of the Programme Security Trustee shall be sufficient to ensure that the Issuer's obligations under the relevant ETI Securities are fully hedged and collateralised.

The net proceeds of each issue of ETI Securities after the acquisition of the relevant Pledged Securities shall be invested by the Issuer at its discretion and may be invested in assets other than Underlying Securities or used for operational expenses of the Issuer.

ANNEX – ISSUE SPECIFIC SUMMARY

[Issue Specific Summary of the ETI Securities to be inserted if (i) the ETI Securities are to be listed on a regulated market in the EEA or (ii) publicly offered in a member state of the EEA]

DESCRIPTION OF THE PROGRAMME SECURITY

The Issuer's obligations in respect of the ETI Securities of each Series will be secured by security created by the Issuer pursuant to a programme security trust deed dated 18 July 2019 and entered into between the Issuer, the Programme Security Trustee and the Note Trustee (the "**Programme Security Trust Deed**").

Pursuant to the terms of the Programme Security Trust Deed, the Issuer as beneficial owner thereby mortgaged and charged by way of first ranking mortgage and charge in favour of the Programme Security Trustee as trustee for the Programme Secured Creditors (as described below):

- (i) any Underlying Securities acquired by the Issuer from time to time;
- (ii) all dividends, interest and other income then or thereafter paid or payable on any of the Underlying Securities referred to in paragraph (i);
- (iii) all stocks, shares, units, securities, rights, moneys or property accruing or offered at any time (whether by way of bonus, redemption, preference, option right or otherwise) to or in respect of any of the Underlying Securities referred to in paragraph (i) or in substitution or exchange for or otherwise derived from any of the Underlying Securities referred to in paragraph (i); and
- (iv) all dividends, interest and other income then or thereafter paid or payable on any of the assets referred to in paragraph (iii).

The Programme Security was granted as a continuing security for the due payment and discharge of all present and future obligations of the Issuer to the Programme Secured Creditors under the Series Documents of each Series of ETI Securities. The Programme Secured Creditors are the note trustee, the agents, the authorised participants and the holders of the ETI Securities of each Series of ETI Securities issued by the Issuer from time to time and the Programme Security Trustee.

While the ETI Securities will have recourse to assets of the Issuer other than the Underlying Securities and the related rights, such other assets will not be subject to the Programme Security. All Series of ETI Securities will benefit from the Programme Security on a pari passu basis and in the event that the proceeds of enforcement of the Programme Security are insufficient to discharge the obligations of the Issuer in respect of the ETI Securities, any shortfall will be shared on a pro rata basis by all Series of ETI Securities. The holders of the ETI Securities will rank as unsecured creditors of the Issuer in respect of any such shortfall.

Enforcement of the Programme Security

Upon receipt by the Programme Security Trustee of an Event of Default Redemption Notice in accordance with the conditions of any Series of ETI Securities from the Note Trustee following the occurrence of an Event of Default, the Programme Security shall become immediately enforceable. At any time after the Programme Security has become enforceable, the Note Trustee may, at its discretion, and shall, if so directed in writing by holders of at least a majority of the ETI Securities then outstanding of any Series or by an Extraordinary Resolution of the ETI Securityholders of any Series (a copy of which has been provided to the Note Trustee), in each case subject to its having been pre-funded and/or secured and/or indemnified to its satisfaction by the ETI Securityholders in accordance with the relevant Trust Deed, direct the Programme Security Trustee to enforce the Programme Security.

Application of Proceeds of Enforcement

All moneys received by or on behalf of the Programme Security Trustee or any receiver under the terms of the Programme Security Trust Deed or otherwise in relation to the ETI Securities will, after an Event of Default Redemption Notice is delivered by the Note Trustee and despite any appropriation of all or part of them by the Issuer, be held by the Programme Security Trustee on trust to be applied by the Note Trustee in the following order:

- (i) first, in payment or satisfaction *pari passu* with each other on a *pro rata* basis:
 - (a) all fees, costs, charges, expenses, liabilities and other amounts properly incurred by or payable in respect of the Programme and the ETI Securities to the Programme Security Trustee (which shall include, without limitation, any taxes required to be paid by the Programme Security Trustee (other than any income, corporation or similar tax in respect of the Programme Security Trustee's remuneration), the costs of enforcing the Programme Security and its rights under the Programme Security Trust Deed, the Programme Security Trustee's remuneration and the costs, fees and expenses of any Receiver);
 - (b) all fees, costs, charges, expenses, liabilities and other amounts properly incurred by or payable in respect of the Programme and the ETI Securities to the Note Trustee (which shall include, without limitation, any taxes required to be paid by the Note Trustee (other than any income, corporation or similar tax in respect of the Note Trustee's remuneration), the costs of enforcing its rights under any Series Document and the Note Trustee's remuneration);

Business

The Issuer has been established for the sole purpose of: (i) issuing the ETI Securities and hedging its obligations pursuant to such securities; (ii) offering asset managers a platform to repackage their investment strategy into a structured investment product as a private label solution; (iii) carrying out certain activities which are ancillary or incidental thereto (including, without limitation, acting as Calculation Agent in respect of the ETI Securities); and (iv) acting as master investment manager to one or more Underlying Issuers, *provided that* in no circumstances shall the Issuer act as an investment manager in circumstances where acting as such would require the Issuer to be licensed, authorised or regulated in any jurisdiction in which it is not licensed, authorised or regulated.

The main business focus of the Issuer is to issue ETI Securities in the form of derivative securities whose value is 1:1 linked to a specific segregated portfolio. The Issuer will position itself as a private label platform for Exchange Traded Instruments / structured investment products / actively managed certificates. The Issuer will offer asset managers a platform to issue an exchange traded instrument repackaging their investment strategy into a structured investment product as a private label solution.

Such asset managers might use the Issuer to launch exchange traded instruments / actively managed certificates to be offered to the public or within a private placement, or as a building block in an UCITS Fund, AIF Fund, or non-European Fund. Asset managers might also use the platform of the Issuer to launch a financial instrument repackaging collective investment schemes they are managing which themselves are restricted from marketing in the European Union.

As the Issuer has become one of the leading issuers of so-called tracker structured investment products on German exchanges, the Issuer acts in line with the "Fairness Code - Undertaking by issuers to observe standards with respect to the structuring, issuing, marketing and trading of structured products" (the "**Fairness Code**") issued by Bundesverband für Strukturierte Wertpapiere, the Association of Derivative Securities Issuers in Germany. The Issuer will only structure and offer such derivative securities for non-exempt offerings that are in line with the Fairness Code and specifically not structure securities for the repackaging of collective investment schemes where such an issuance is against the Fairness Code. For the avoidance of doubt, the Issuer reserves the right, as also outlined in the Fairness Code, to structure non-eligible derivative securities on the condition that such securities are only publicly offered to professional investors or as a private placement.

The Issuer intends to compete by offering services to asset managers, who for avoidance of doubt need to be fully licensed, authorised or registered to provide asset management services in their jurisdiction. For avoidance of doubt, the Issuer will also issue derivative securities repackaging investment strategies self-managed by the iMaps Capital Markets Group. Where the Issuer itself acts as Manager of the underlying Segregated Portfolio iMaps ETI AG might use advisors or track the portfolios of signal providers under a license agreement.

The Issuer competes with credit institutions, investment firms, special purpose vehicles arranged by credit institutions or investment firms authorised to carry out derivatives business in their home member state as well as, in some jurisdictions, with non-licensed companies and their special purpose vehicles issuing derivative securities like index certificates, actively managed certificates, exchange traded notes or other structured investment products as a private label solution. The Issuer also competes with securitisation special purpose entities carrying out securitisation transactions as defined in Regulation (EC) No 24/2009 of the European Central Bank as Feeder Fund Structures. The Issuer does not make any statement as to its competitive position.

So long as any Series of ETI Securities remain outstanding, the Issuer will be subject to the restrictions set out in Condition 12 and Clause 9 of the relevant Trust Deed.

As at the date of this Base Prospectus, the Issuer has not engaged in any activities other than the Issuance of ETI Securities, entering into Hedging Arrangements and certain activities which are ancillary or incidental to the issuance programme. The Issuer has, and will have, no assets other than the sum of 125,000 Euro representing the issued and paid-up share capital, such fees (as agreed) per issue payable to it in connection with the issue of ETI Securities or any assets acquired by the Issuer with the net proceeds of the ETI Securities of each Series.

The ETI Securities are obligations of the Issuer alone and not of, or guaranteed in any way by, any Authorised Participant, the Programme Security Trustee or the Note Trustee. Furthermore, they are not obligations of, or guaranteed in any way by the Agents.

As at the date of this Base Prospectus, the Issuer has no borrowings or indebtedness in the nature of borrowings (including loan capital issued or created but unissued), term loans, liabilities under acceptances or acceptance credits, mortgages, charges or guarantees or other contingent liabilities, other than as disclosed above along with any related arrangements. Swiss Transfer Stamp Duty (also applicable in Liechtenstein)

Straight derivatives for Swiss tax purposes do not qualify as taxable securities in the meaning of the Swiss Stamp Tax Act and are therefore not subject to Swiss transfer stamp duty (“*Umsatzabgabe*”). Thus, secondary market transactions are not subject to Swiss transfer stamp duty. The possible delivery at exercise or redemption of the underlying of the ETI Securities may be subject to Swiss transfer stamp duty up to a rate of 0.3% if the underlying is a taxable security in the meaning of the Swiss Stamp Tax Act and if such delivery is made by or through the intermediary of a Swiss or Liechtenstein bank or other securities dealer as defined in the Swiss Stamp Tax Act and no exemption applies.

However, ETI Securities qualifying as taxable securities in the meaning of the Swiss Stamp Tax Act (e.g. combined derivative instruments such as notes with predominant one-time interest payment) are subject to Swiss transfer stamp duty of 0.15% (for securities issued by a Swiss or Liechtenstein company) respectively 0.3% (for securities issued by a foreign company) if the secondary market transaction is made by or through the intermediary of a Swiss bank or other securities dealer as defined in the Swiss Stamp Tax Act and no exemption applies.

Liechtenstein Income Tax

Liechtenstein resident individual private investors

Payments made under straight derivatives most likely qualify as tax exempt capital gains for Liechtenstein resident individual investors who hold the securities as part of their private (as opposed

to business) assets and who do not qualify as self employed professional securities dealer for income tax purposes (*gewerbsmässiger Wertschriftenhändler*). The same applies for capital gains realised upon disposal of securities which are not subject to the income tax.

However, the market value of the ETI Securities qualifies in any event as standardized return on assets (target return) within the meaning of Art. 5 of taxable assets in accordance with Art. 6 para. 1 of the Tax Act (SteG) and is therefore part of the Liechtenstein income tax.

Liechtenstein resident business investors

Payments under straight derivatives as well as capital gains realised upon disposal of securities by Liechtenstein resident individual investors holding the ETI Securities as part of their business assets as well as by Liechtenstein resident legal entities, are part of their business profit and subject to individual income tax or corporate income tax, respectively. The tax treatment follows the accounting statement. The same applies to Liechtenstein resident individual investors who qualify as self employed professional securities dealer for income tax purposes (*gewerbsmässiger Wertschriftenhändler*).

Non-Liechtenstein resident investors

Under present Liechtenstein tax law, an investor who is a non-resident of Liechtenstein and who, during the taxable year has not engaged in trade or business through a permanent establishment or a fixed place of business within Liechtenstein and who is not subject to taxation in Liechtenstein for any other reason, will not be subject to any Liechtenstein tax on payments under straight derivatives as well as capital gains realised upon disposal of straight derivatives.

Liechtenstein has concluded a multilateral agreement with the European Union on the international automatic exchange of information (the “**AEOI**”) in tax matters. The agreement became effective as of 1 January 2016 and applies to all 28 EU member states and also Gibraltar. On 1 December 2016 the multilateral competent authority agreement on the automatic exchange of financial account information (the “**MCAA**”), and based on the MCAA, a number of bilateral AEOI agreements with other countries became effective. Based on such agreements and the implementing laws of Liechtenstein, Liechtenstein collects data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Liechtenstein for the benefit of individuals resident in an EU member state or resident in a treaty state from 2017 or 2018, exchanges the data or will exchange it from 2017 or 2018, in each case depending on the effectiveness of the relevant agreement. Liechtenstein has signed and intends to sign further AEOI agreements with further countries, which, subject to ratification, will become effective at a later date. An up-to-date list of the AEOI agreements of Liechtenstein in effect or signed and becoming effective can be found on the website of the Tax Authority of Liechtenstein.

In the event that ETI Securityholders hold the ETI Securities through a Liechtenstein financial institution they may be required to provide additional information to enable the financial institution to satisfy its obligations under the Liechtenstein rules re CRS.

This overview is based upon the law as in effect on the date of this Base Prospectus. It is subject to any change of the law that may apply after such date. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas. References in this section to the holders of the ETI Securities include the beneficial owner(s) of the ETI Securities. Prospective purchasers of the ETI Securities should consult their own tax advisers as to the consequences of making an investment in, holding or disposing of the ETI Securities and the receipt of any amount under the ETI Securities.

Luxembourg withholding tax on Non-Luxembourg tax resident holders

Under the Luxembourg general tax laws currently in force, there is no withholding tax to be withheld by the debtor of ETI Securities on payments of principal, premium or arm's length interest (including accrued but unpaid interest) to non-Luxembourg tax resident holders. Nor is any Luxembourg withholding tax payable upon redemption or repurchase of ETI Securities held by non-Luxembourg tax resident holders to the extent said ETI Securities do not (i) give entitlement to a share of the profits generated by the issuing company and (ii) the issuing company is not thinly capitalised. Automatic Exchange of Information Under the law of 18 December 2015 (the "**Law**") implementing (i) Council Directive 2014/107/EU amending and extending the scope of Directive 2011/16/EU of 15 February 2011 on administrative cooperation in the field of taxation (the "**DAC2**") and (ii) the OECD Common Reporting Standard (the "**CRS**"), Luxembourg reporting financial institutions, as defined in the Law, are required to provide to the fiscal authorities of other EU Member States and jurisdictions participating with the CRS, details of payments of interest, dividends and similar type of income, gross proceeds from the sale of financial assets and other income, and account balances held on reportable accounts, as defined in the DAC2 and the CRS, of account holders residents of, or established in, an EU Member State and certain dependent and associated territories of EU Member States or in a jurisdiction which has introduced the CRS in its domestic law. Potential holders of ETI Securities should consult their own tax advisor with respect to the application of the DAC2 and the CRS in light of their own individual circumstances.

Luxembourg tax resident holders

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (hereinafter "**Law**"), there is no withholding tax to be withheld by the debtor of ETI Securities on payments of principal, premium or arm's length interest (including accrued but unpaid interest) to Luxembourg tax resident holders. Nor is any Luxembourg withholding tax payable upon redemption or repurchase of ETI Securities held by Luxembourg tax resident holders to the extent said ETI Securities do not (i) give entitlement to a share of the profits generated by the issuing company and (ii) the issuing company is not thinly capitalised. Under the Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is tax resident of Luxembourg will be subject to a withholding tax of 20 per cent. In case the individual beneficial owner is an individual acting in the course of the management of his/her

private wealth, said withholding tax will be in full discharge of income tax. Responsibility for the withholding tax will be assumed by the Luxembourg Paying Agent. Payments of interest under ETI Securities coming within the scope of the Law would be subject to withholding tax at a rate of 20 per cent.

Registration tax

Neither the issuance nor the transfer of ETI Securities will give rise to any Luxembourg stamp duty, issuance tax, registration tax, transfer tax or similar taxes or duties. Notwithstanding, documents relating to the ETI Securities may require registration in case they are either (a) attached as an annex to an act (*annexe a un acte*) that itself is subject to mandatory registration, or (b) deposited in the minutes of a notary (*depose au rang des minutes d'un notaire*). In these cases, as well as in case of voluntary registration, either nominal or ad valorem registration duties may apply depending on the nature of such documents.

Ireland⁸

The following is an overview of Irish withholding tax issues relating to the ETI Securities. The overview is based upon Irish tax laws and the practice of the Irish Revenue Commissioners as in effect on the date of this Base Prospectus, which are subject to prospective or retroactive change. Prospective investors in the ETI Securities should consult their own advisors as to the Irish consequences of the purchase, beneficial ownership and disposition of the ETI Securities.

Interest withholding tax

Irish interest withholding tax should not apply to interest payments which have their source outside Ireland. On the basis that the Issuer is not resident in Ireland does not have any presence in Ireland, that no interest payments will be made from Ireland and that no Irish situate assets will be secured, payments on the ETI Securities should not have an Irish source and, thus, no Irish interest withholding tax should arise.

Irish encashment tax

Irish encashment tax may be required to be withheld at the standard rate (currently 25%) from any interest paid in respect of the ETI Securities where such interest is paid or collected by a person in Ireland on behalf of any holder of ETI Securities. Holders of the ETI Securities should therefore note that the appointment of an Irish collection agent or an Irish paying agent could result in the deduction of 25% encashment tax by such agent from interest payments on the ETI Securities. A holder of ETI Securities that is not resident in Ireland for tax purposes may claim an exemption from this withholding tax by submitting an appropriate declaration of non-Irish tax residency to the Irish agent. An exemption from this withholding tax also applies where interest is paid to a company that is beneficially entitled to the income and is within the charge to Irish corporation tax in respect of that income.

United Kingdom

The following is a summary of certain aspects of United Kingdom taxation as at the date hereof including an overview of UK withholding tax issues relating to the ETI Securities. It is based on current law and the practice of Her Majesty's Revenue and Customs ("**HMRC**"), which may be subject to change, sometimes with retrospective effect. The comments relate only to the position of persons who are

⁸ Note to draft: Currently under review.

absolute beneficial owners of the ETI Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective holders of ETI Securities depends on their individual circumstances and may be subject to change in the future. Holders of ETI Securities should be aware that the particular terms of issue of any Series of ETI Securities as specified in the relevant Final Terms may affect the tax treatment of that and other Series of ETI Securities. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a purchaser. Holders of ETI Securities who are in any doubt as to their tax position should consult their professional advisers.

(A) Qualification of the ETI Securities "Excluded Indexed Securities"

In relation to Holders of ETI Securities who are individuals resident in the United Kingdom, the tax treatment of payments received on redemption will depend on the the particular terms of issue of any Series of ETI Securities as specified in the relevant Final Terms, in particular whether or not the ETI Securities qualify as "excluded indexed securities" within the meaning of section 433 of the Income Tax (Trading and Other Income) Act 2005.

An ETI Security may qualify as an "excluded indexed security" if the amount payable on redemption is determined by applying to the amount for which the security was issued the percentage change (if any) over the security's redemption period in the value of chargeable assets of a particular description.

Holders of ETI Securities who are individuals resident in the United Kingdom should note that profits or gains made on a disposal or redemption of "excluded indexed securities" held for investment purposes are normally subject to capital gains tax. Profits and gains made on a disposal or redemption of ETI Securities that do not qualify as "excluded indexed securities" would normally be subject to income tax.

The Issuer cannot advise investors on the proper classification of the ETI Securities or any Series of ETI Securities. Prior to purchasing the ETI Securities, investors should discuss with their professional advisers how such purchase would or could affect them. Holders of ETI Securities with any questions regarding whether any ETI Securities qualify as "excluded indexed securities" or otherwise regarding the impact of an investment in the ETI Securities on their tax position should consult their tax advisers.

(B) United Kingdom Withholding Tax - Interest

United Kingdom withholding tax on interest should not apply to interest payments which are not payments of "yearly interest" or have their source of payment outside the United Kingdom. On the basis that the Issuer is not resident in the United Kingdom, does not have any presence in the United Kingdom, that no interest payments will be made from the United Kingdom and that no United Kingdom situate assets will be secured, interest payments on the ETI Securities should not have an United Kingdom source and, thus, no United Kingdom withholding tax on interest should arise.

The references to "interest" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the ETI Securities or any related documentation. Holders of ETI Securities should seek their own professional advice as regards the withholding tax treatment of any payment on the ETI Securities which does not constitute "interest" or "principal" as those terms are understood in United Kingdom tax law.

(C) United Kingdom - Stamp Duty

It is not expected that any UK stamp duty or stamp duty reserve tax will apply to the acquisition, holding or disposal of the ETI Securities on the basis that the ETI Securities do not relate to property situate, or any matter or thing done or to be done, in the UK.

Switzerland

The following summary is for general information only and does not cover all tax consequences of an investment in ETI Securities under the tax laws of Switzerland. This summary is based on the tax laws of Switzerland currently in force and as applied on the date of this Base Prospectus which are subject to changes (or changes in interpretation) which may have retroactive effect. Prospective investors are advised to consult their own tax advisers as to the Swiss tax consequences of the purchase, ownership, lapse, exercise or disposal of the specific ETI Securities in particular ETI Securities issued by iMaps ETI AG in the light of their particular circumstances.

Swiss Transfer Stamp Duty

Straight derivatives for Swiss tax purposes do not qualify as taxable securities in the meaning of the Swiss Stamp Tax Act and are therefore not subject to Swiss transfer stamp duty ("**Umsatzabgabe**"). Thus, secondary market transactions are not subject to Swiss transfer stamp duty. The possible delivery at exercise or redemption of the underlying of the ETI Securities may be subject to Swiss transfer stamp duty up to a rate of 0.3% if the underlying is a taxable security in the meaning of the Swiss Stamp Tax Act and if such delivery is made by or through the intermediary of a Swiss or Liechtenstein bank or other securities dealer as defined in the Swiss Stamp Tax Act and no exemption applies.

However, ETI Securities qualifying as taxable securities in the meaning of the Swiss Stamp Tax Act (e.g. combined derivative instruments such as notes with predominant one-time interest payment) are subject to Swiss transfer stamp duty of 0.15 (for securities issued by a Swiss or Liechtenstein company) respectively 0.3% (for securities issued by a foreign company) if the secondary market transaction is made by or through the intermediary of a Swiss or Liechtenstein bank or other securities dealer as defined in the Swiss Stamp Tax Act and no exemption applies.

Swiss Income Tax

Swiss resident individual private investors

Payments made under straight derivatives most likely qualify as tax exempt capital gains for Swiss resident individual investors who hold the securities as part of their private (as opposed to business) assets and who do not qualify as so-called professional securities dealer for income tax purposes (*gewerbsmässiger Wertschriftenhändler*). The same applies for capital gains realised upon disposal of securities which are not subject to the federal direct tax as well as the cantonal and communal income tax.

However, payments qualifying as interest payments of combined derivative instruments such as notes with predominant one-time interest payment for Swiss tax purposes are most likely subject to Swiss income tax.

Swiss resident business investors

Payments under straight derivatives as well as capital gains realised upon disposal of securities by Swiss resident individual investors holding the ETI Securities as part of their business assets as well as

by Swiss resident legal entities, are part of their business profit and subject to individual income tax or corporate income tax, respectively. The tax treatment follows the accounting statement. The same applies to Swiss resident individual investors who qualify as so-called professional securities dealer for income tax purposes (*gewerbsmässiger Wertschriftenhändler*).

Non-Swiss resident investors

Under present Swiss tax law, an investor who is a non-resident of Switzerland and who, during the taxable year has not engaged in trade or business through a permanent establishment or a fixed place of business within Switzerland and who is not subject to taxation in Switzerland for any other reason, will not be subject to any Swiss federal direct tax as well as cantonal and communal income tax on payments under straight derivatives as well as capital gains realised upon disposal of straight derivatives.

Swiss Withholding Tax

All payments in respect of the securities issued by a non-Swiss issuer are currently not subject to Swiss withholding tax ("**Verrechnungssteuer**"), provided that the Issuer of the securities is at all times domiciled and effectively managed outside of Switzerland.

International Automatic Exchange of Information in Tax Matters

International Automatic Exchange of Information in Tax Matters

Switzerland has concluded a multilateral agreement with the European Union on the international automatic exchange of information (the "**AEOI**") in tax matters. The agreement became effective as of 1 January 2017 and applies to all 27 EU member states and also Gibraltar. Also on 1 January 2017 the multilateral competent authority agreement on the automatic exchange of financial account information (the "**MCAA**"), and based on the MCAA, a number of bilateral AEOI agreements with other countries became effective. Based on such agreements and the implementing laws of Switzerland, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, ETI Securities, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in an EU member state or resident in a treaty state. Switzerland has signed and intends to sign further AEOI agreements with further countries, which, subject to ratification, will become effective at a later date. An up-to-date list of the AEOI agreements of Switzerland in effect or signed and becoming effective can be found on the website of the State Secretariat for International Financial Matters.

In the event that ETI Securityholders hold the ETI Securities through a Swiss financial institution they may be required to provide additional information to enable the financial institution to satisfy its obligations under the Swiss rules re CRS.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland. On 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the U.S. on changing the current direct-notification-based regime to a regime where the relevant

information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities. On 20 September 2019, the protocol of amendment of the double taxation treaty between Switzerland and the U.S. entered into force allowing U.S. authority in accordance with the information reported in aggregated form to request all the information on US-accounts without a declaration of consent on non-consenting non-participating financial institutions.

In the event that ETI Securityholders hold the ETI Securities through a Swiss financial institution they may be required to provide additional information to enable the financial institution to satisfy its obligations under the Swiss rules re FATCA.

Germany

The following information relates to German taxation only and is applicable to investors that are tax residents in Germany who are the beneficial holders of the ETI Securities. It is only intended to give an overview of possible German tax consequences which cannot replace a detailed examination of the tax consequences in each individual case performed by the investor.

General

For German tax purposes the ETI Securities should be treated as a debt instrument rather than an equity instrument or derivative. To the extent that a Redemption Amount comprises repayment of the Principal Amount, this should be treated as a repayment of debt which is neutral for direct tax purposes.

To the extent that the Redemption Amount exceeds the Principal Amount, such is expected to be a “*capital gain*”.

Capital gains

Any capital gain from the Redemption Amount or the sale of the ETI Securities is expected to be subject to German income, corporate income tax and trade tax in the hands of the recipient investor under general rules.

Withholding Tax

Capital gains will be subject to German withholding tax of 26.375%. For corporate investors and business investors exemptions from withholding tax may apply but the relevant income is still subject to income tax assessment according to general German rules.

Loss deduction

Losses should in principle be deductible when ETI securities are redeemed or sold. However, certain exemption from that rule and offsetting restrictions may apply.

Stamp Duty or transfer taxes

The acquisition, holding or disposal of the ETI Securities is not subject to German stamp duty or transfer tax.

Austria

This section on taxation contains a brief summary of the Issuer’s understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the ETI Securities in Austria. This summary does not purport to exhaustively describe all possible tax aspects

and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the ETI Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the ETI Securities. Tax risks resulting from the ETI Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (Investmentfondsgesetz 2011)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the ETI Securities are legally and factually offered to an indefinite number of persons.

General remarks

Individuals having a domicile (*Wohnsitz*) and / or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and / or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in cases of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income taxation

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (sec. 27a(3)(1) of the Austrian Income Tax Act);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (sec. 27a(3)(2)(a) of the Austrian Income Tax Act); and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (the mere exercise of an option does not trigger tax liability); e.g., in the case of index

certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (sec. 27a(3)(3)(c) of the Austrian Income Tax Act).

Also the withdrawal of the ETI Securities from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the ETI Securities *vis-à-vis* other countries, e.g. a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (*cf.* sec. 27(6)(1) and (2) of the Austrian Income Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (sec. 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the ETI Securities as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the ETI Securities with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5%; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). Investment income from the ETI Securities without an Austrian nexus must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5%. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; sec. 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized claims *vis-à-vis* credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the ETI Securities as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the ETI Securities with an Austrian nexus is subject to withholding tax at a flat rate of 27.5%. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5%). Investment income from the ETI Securities without an Austrian nexus must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5%. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The flat tax rate does not apply to income from realised increases in value and income from derivatives if realizing these types of income constitutes a key area of the respective investor's business activity (sec. 27a(6) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian

Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5%, are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55% of the remaining negative difference may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the ETI Securities at a rate of currently 25%. Income in the sense of sec. 27(1) of the Austrian Income Tax Act from the ETI Securities with an Austrian nexus is generally subject to withholding tax at a flat rate of 27.5%. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act the withholding agent may apply a 25% rate if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the ETI Securities can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the ETI Securities as non-business assets are subject to interim taxation at a rate of currently 25% on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (sec. 12(2) of the Austrian Corporate Income Tax Act). Interim tax is generally not triggered insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. Investment income from the ETI Securities with an Austrian nexus is generally subject to withholding tax at a flat rate of 27.5%. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act the withholding agent may apply a 25% rate if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax triggered. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on income from the ETI Securities if they have a permanent establishment (*Betriebsstätte*) in Austria and the ETI Securities are attributable to such permanent establishment (*cf.* sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). In addition, individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of sec. 27(2)(2) of the Austrian Income Tax Act and accrued interest (including from zero coupon bonds) in the sense of sec. 27(6)(5) of the Austrian Income Tax Act from the ETI Securities if the (accrued) interest has an Austrian nexus and if withholding tax is levied on such (accrued) interest. This does not apply to an individual being resident in a state with which automatic exchange of information exists, if the individual provides a certificate of residence to the withholding agent. Interest with an Austrian nexus is interest the debtor of which has its place of management and/or its legal seat in Austria or is an Austrian branch of a non-Austrian credit institution; accrued interest with an Austrian nexus is accrued interest from securities issued by an Austrian issuer (sec. 98(1)(5)(b) of the Austrian Income Tax Act).

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin

of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organized in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15%; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. In case of a qualification as a foreign investment fund, the tax consequences would substantially differ from those described above: A special type of transparency principle would be applied, pursuant to which generally both distributed income as well as deemed income would be subject to Austrian (corporate) income tax.

Inheritance and gift taxation

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*) if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5%, with higher rates applying in special cases.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10% of the fair market value of the assets transferred. Further, gratuitous transfers of the ETI Securities may trigger income tax at the level of the transferor pursuant to sec. 27(6)(1) and (2) of the Austrian Income Tax Act (see above).

Italy

This summary assumes that the Issuer is not a tax resident nor may it be deemed a tax resident in Italy according to Article 73(3) of Presidential Decree No. 917 of 22 December 1986 and does not have (and will not have at any time) a permanent establishment in Italy as defined under Article 162 of Presidential Decree No. 917 of 22 December 1986. This summary assumes that the Issuer is not a tax resident nor may it be deemed a tax resident in Italy according to Article 73(3) of Presidential Decree No. 917 of 22 December 1986 and does not have (and will not have at any time) a permanent establishment in Italy as defined under Article 162 of Presidential Decree No. 917 of 22 December 1986.

Tax on income and capital gains

ETI Securities qualify as derivative instruments for the purposes of Italian tax law, pursuant to Article 67 of Presidential Decree No. 917 of 22 December 1986 and Legislative Decree No. 461 of 21 November 1997, as subsequently amended.

Where the Italian resident ETI Securityholder is: (i) an individual not engaged in an entrepreneurial activity to which the ETI Securities are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution or (iv) an investor who is exempt from Italian corporate income taxation, capital gains realised on the sale or redemption of the ETI Securities are subject to a 26 per cent. substitute tax (*imposta sostitutiva*). Capital losses in excess of capital gains may be carried forward against capital gains of the same kind realised in any of the four succeeding tax years.

In this respect, ETI Securityholders who are Italian-resident individuals may opt among three different taxation regimes: *regime della dichiarazione*, *regime del risparmio amministrato*, *regime del risparmio gestito*. Each option has a different impact on the prospective investor who should consider it with her tax advisers. In particular, as long as certain conditions are met, the depository is responsible for accounting for the *imposta sostitutiva* and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the ETI Securityholder or using funds provided by the ETI Securityholder for this purpose. Under certain conditions, capital losses may be deducted from the above-mentioned capital gains.

Where an Italian resident ETI Securityholder is instead a company or similar commercial entity, an Italian individual engaged in entrepreneurial activities to which the ETI Securities are effectively connected or the Italian permanent establishment of a foreign commercial entity to which the ETI Securities are effectively connected, capital gains arising from the ETI Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant ETI Securityholder's income tax return and are therefore subject to Italian corporate income tax (IRES, currently applicable at a rate of 24 per cent.) or to individual income tax (at the applicable progressive tax rates) according to the ordinary rules and, in certain cases, depending on the status of such holder, may also have to be included in its taxable base for regional tax on productive activities (IRAP), currently applicable at a rate of 3.9 per cent. The IRAP rate may be increased in certain Italian Regions.

The increase or decrease in the fair market value of the ETI Securities, as well as the gains or losses realised upon the sale for consideration or redemption of the ETI Securities by Italian resident collective investment funds and hedge funds, with the exception of Italian real estate investment funds, are not subject to taxation at the level of the fund.

The increase or decrease in the fair market value of the ETI Securities, as well as the gains or losses realised upon the sale for consideration or redemption of the ETI Securities by Italian resident pension funds (subject to the regime provided for by article 17 of Legislative Decree No. 252 of 5 December 2005) are included in the determination of the accrued appreciation or depreciation in net asset value of the managed assets for the year that is subject to a substitute tax (*imposta sostitutiva*), currently at a rate of 20 per cent.

Capital gains realised by non-Italian resident ETI Securityholders without a permanent establishment in Italy are not subject to Italian taxation if (i) the ETI Securities are held outside of Italy, or (ii) the capital gains derive from transactions executed in the regulated markets or (iii) the ETI Securities have been deposited in Italy, but are not traded on a regulated market, and the beneficial owner of proceeds from the relevant ETI Securities complies with certain filing requirements and is a resident of a country which is included in the list of jurisdictions allowing exchange of information with the Italian tax authorities, as

identified currently in Ministerial Decree of September 4, 1996 as subsequently amended and supplemented and, in the future, in any decree to be issued under Article 11(4)(c) of Decree No. 239; any such decree.

The tax treatment of the ETI Securities described above has been confirmed by the Italian tax authority's resolution No. 72/E of 12 July 2010 dealing with the Italian tax treatment of investment in secured exchange commodities. Nevertheless, should the Italian tax authority and/or tax courts take the view that, regardless of the said position taken under the resolution No. 72/E, the ETI Securities are not to be characterised as derivative instruments, but rather as debt instruments representing so-called "atypical securities" pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 (as subsequently amended), a different tax treatment would apply: returns treated for tax purposes as interest and other proceeds deriving from "atypical securities" issued by non-Italian resident issuers are subject to a 26 per cent. withholding tax applied by the Italian-resident intermediary intervening in the payment, save where the securities are held by a commercial partnership, a commercial private or public institution resident in Italy for tax purposes or an Italian permanent establishment of a non-Italian resident entity. As for them, these entities must include the proceeds in their taxable business income under the same basis as described above.

Inheritance and gift taxes

Law No. 286 of 24 November 2006, which converted, with amendments, Law Decree No. 262 of 3 October 2006, introduced inheritance and gift tax to be paid on the transfer of assets (such as the ETI Securities) and rights by reason of death or gift. No inheritance or gift tax will arise under the laws of Italy if, in the case of inheritance tax, the decedent or, in the case of gift tax, the donor, is not resident in Italy and the ETI Securities are not held in Italy.

As regards the inheritance and gift tax to be paid on the transfer of the ETI Securities by reason of death or gift, the following rates apply:

1. transfers in favour of spouses and direct descendants or direct relatives are subject to an inheritance and gift tax of 4 per cent. on the value of the inheritance or the gift exceeding EUR 1 million for each beneficiary;
2. transfers in favour of brothers and sisters are subject to an inheritance and gift tax of 6 per cent. on the value of the inheritance or the gift exceeding EUR 100,000 for each beneficiary;
3. transfers in favour of relatives up to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax of 6 per cent. on the entire value of the inheritance or the gift;
4. any other transfer is subject to an inheritance and gift tax of 8 per cent. on the entire value of the inheritance or the gift;
5. transfers in favour of seriously disabled persons are subject to an inheritance and gift tax at the relevant rate described above on the value of the inheritance or the gift exceeding EUR 1.5 million for each beneficiary.

Transfers for a value equal or below the applicable thresholds as indicated above are not subject to any inheritance or gift tax in Italy.

Securities Transfer Tax

According to Article 37 of Law Decree No. 248 of 31 December 2007, as converted with amendments into Law No. 31 of 28 February 2008, the transfer of the ETI Securities is not subject to Italian transfer tax.

Contracts related to the transfer of ETI Securities are subject to the following registration tax: (i) public deeds and notarized deeds are subject to a fixed registration tax at a rate of EUR 200.00; (ii) private deeds are subject to registration tax at a rate of EUR 200.00 only if they are voluntary registered or if the so called "*caso d'uso*" or "*enunciazione*" occurs.

Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the ETI Securities deposited therewith. The stamp duty applies at the current rate of 0.2 per cent. This stamp duty is determined on the basis of the market value or, if no market value figure is available, the nominal value or redemption amount of the ETI Securities held. The stamp duty can be no lower than EUR 34.20. If the client is not an individual, the stamp duty cannot be higher than EUR 14,000.

Wealth Tax on securities deposited abroad

Pursuant to Article 19(18) of Decree 201, Italian-resident individuals holding the ETI Securities outside the Italian territory are required to pay an additional tax at the current rate 0.2 per cent.

This tax is calculated on the market value of the ETI Securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of the ETI Securities held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the state where the ETI Securities are held (up to an amount equal to the Italian wealth tax due).

Financial Transaction Tax

Law No. 228 of 24 December 2012 (the "**Stability Law**") introduced a fixed levy Italian Financial Transaction Tax ("**FTT**") that applies to all transactions involving equity derivatives which have Italian shares, Italian equity-like instruments or Italian equity-related instruments as their underlying assets. An equity derivative is subject to the FTT if the underlying or reference value consists as to more than 50 per cent., of the market value of Italian shares, Italian equity-like instruments or Italian equity-related instruments. The FTT applies even if the transfer takes place outside Italy and/or any of the parties to the transaction are not resident in Italy. The ETI Securities linked to Equity Indices may qualify as derivative instruments subject to the FTT.

The amount of tax due depends on the type of derivative instrument and on the contract's value, but is subject to a maximum of EUR 200. This FTT is reduced to 1/5 of the relevant amount if the transfer takes place on a regulated market or multilateral trading system.

The FTT on equity derivatives is due from each party involved in the relevant transaction. The FTT must be paid and accounted for to the Italian tax authorities by any intermediary intervening in any way in the execution of such transactions, e.g. banks, fiduciary companies or investment firms licensed to provide investment services on a professional basis to the public in accordance with Article 18 of Italian Legislative Decree No. 58 of 24 February 1998, including non-Italian resident intermediaries. However, the Stability Law provides that such intermediary is permitted to refrain from executing the relevant transaction until it has received from the relevant person referred to above the amount of FTT due on

the transaction. In terms of compliance with the FTT, non-Italian resident intermediaries may (i) fulfil all the relevant obligations through their Italian permanent establishment, if any; (ii) appoint an Italian withholding agent as a tax representative; or (iii) identify themselves by filing a request with the Italian Tax Administration for an Italian tax code. In the event that several financial intermediaries are involved, the obligation to make payment of the FTT to the Italian tax authorities falls on the party that directly receives the transaction order from the parties. If no intermediary is involved in a transaction, the relevant parties referred to above must pay the FTT due directly to the Italian tax authorities. Some exemptions may apply.

OECD Common Reporting Standards

Drawing extensively on the intergovernmental approach to implementing the United States Foreign Account Tax Compliance Act, the OECD developed the Common Reporting Standard (“**CRS**”) to address of offshore tax evasion on a global basis. Aimed at maximising efficiency and reducing cost for financial institutions, the CRS provides a common standard for due diligence, reporting and exchange of financial account information. Pursuant to the CRS, participating jurisdictions will obtain from reporting financial institutions, and automatically exchange with exchange partners on an annual basis, financial information with respect to all reportable accounts identified by financial institutions on the basis of common due diligence and reporting procedures. The first information exchange has been made in 2017.

Italy has enacted Law No. 95 of 18 June 2015 (“**Law 95/2015**”) to implement the CRS (and the amended EU Directive on Administrative Cooperation). Law 95/2015 entered into force on 1 January 2016 and contemplated the exchange of information starting on the calendar year 2016 forward.

In the event that ETI Securityholders hold the ETI Securities through an Italian financial institution (as defined in the Ministerial Decree of 28 December 2015 implementing Law 95/2015), they may be required to provide additional information to enable the financial institution to satisfy its obligations under the Italian rules re CRS.

France

The following is an overview based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future, potentially with retroactive effect. Investors should be aware that the comments below are of a general nature and do not constitute tax advice and should not be understood as such. Prospective investors are therefore advised to consult their own qualified advisors so as to determine, in the light of their individual situation, the tax consequences of the subscription, purchase, holding, redemption or disposal of the ETI Securities.

Withholding taxes

The following is an overview addressing only the French compulsory withholding tax treatment of income arising from the holding of the ETI Securities. This overview is prepared on the assumption that the Issuer is not and will not be a French resident for French tax purposes and the ETI Securities (and any transactions in connection with the ETI Securities) are not and will not be attributed or attributable to a French branch, permanent establishment or other fixed place of business of the Issuer in France. All payments by the Issuer in respect of the ETI Securities will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein. However, pursuant to Article 125 A I of the French Code général des impôts and subject to certain exceptions, interest and assimilated income paid

by a paying agent (établissement payeur) established in France and received by individuals who are fiscally domiciled (domiciliés fiscalement) in France are subject to a 12,8% withholding tax (which is deductible from their personal income tax liability in respect of the year in which the payment has been made). Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at a global rate of 17.2% on such interest and assimilated income.

Sweden

The following section briefly summarizes specific income taxation issues related to the ETI Securities in Sweden. It only deals with particular aspects of the taxation issues and does not in any way represent a comprehensive analysis of all the tax consequences of the purchase, sale and redemption of the respective products. Furthermore, no account is taken of the tax regulations of countries other than Sweden and tax treaties, nor of the individual circumstances of the investor. Exceptions to the legal position presented here may apply to specific situations or to specific investors.

The applicable legal position and its interpretation by the Swedish Tax Agency may be subject to change, which change may take place with retrospective effects. It should be noted that there is in Sweden currently very limited case law, guidelines by the Swedish Tax Agency or tax practice relating to the tax treatment of innovative structured financial products such as derivative debt securities et cetera. There is thus a possibility that the Swedish Tax Agency, courts or banks (paying or custody agents) may consider the tax position to be different from the position presented here.

Potential investors are strongly recommended to consult their personal tax advisers in order to obtain further information on the overall tax consequences and tax reporting obligations applicable with respect to the purchase, sale and redemption of the respective products, taking into account that there may be differences in the tax treatment of different derivative securities. Those advisers alone are in a position to make an adequate assessment based on the particular tax circumstances of the individual investor.

General

Any and all type of divestments (including redemptions or settlements) of derivative securities are considered to constitute a taxable event and taxed in accordance with applicable capital taxation rules. Capital gains, or losses, are normally calculated as the difference between any and all remuneration, after divestment costs have been deducted, and the tax base of the instruments including investment costs. When calculating the tax base, the so-called "average method" is normally used. The method entails that the tax base of an instrument is the average tax base for all instruments of the same class and kind held by a person or entity.

Tax consequences may vary depending on the type of underlying asset and the holders' situation. If the underlying assets are shares, share depository receipts, futures based on shares or indices, et cetera, the tax rules regarding shares are generally applicable. If the underlying assets are receivables or similar assets, the tax rules regarding these types of assets are generally applicable. If the underlying assets are commodities or futures based on commodities, et cetera, the tax rules regarding these types of assets will instead be applicable. Should the underlying assets be a mix of different type of assets (a basket of assets), it is not entirely clear how to classify the instrument for Swedish tax purposes. However, the Supreme Administrative Court held in a case, dated February 20, 2008, that the classification for tax purposes of a so-called "marked bond", based upon different type of assets, should be made at the time the bond was issued and on the basis of the weight of the different underlying assets. The case indicates that instruments with different underlying assets should be classified at that time and in accordance with the underlying asset with the greatest weight. The classification of the instrument is mostly of concern when setting off capital gains towards capital losses.

Holders resident in Sweden

Proceeds, to the extent they constitute a capital gain, interest or deemed interest, paid to a holder who is a resident in Sweden for tax purposes and an individual will be taxed as capital income and taxed at flat rate of 30 per cent. Capital losses are deductible against capital income. Capital losses incurred from the sale or redemption of listed securities can be fully offset against taxable capital gains occurring in the same year due to the sale of listed shares and listed securities (with the exception of shares in investment funds holding only Swedish receivables, known as Swedish fixed income funds). In case of excess loss, 70% of this loss is deductible against other capital income. In case of a net capital loss, such loss may be used for tax reduction on earned income tax as well as central government and municipal property taxes. Tax reduction is granted with 30% of the net capital loss up to SEK 100,000 and 21% of any loss exceeding SEK 100,000. Note that if the taxable individual has made/makes an "investment deduction" (Sw. *Investeraravdrag*) the same fiscal year, the calculation will differ. Tax losses cannot be carried forward to future income years. Specific tax consequences may, however, be applicable to certain individuals and certain ways of investing, for example, investments through endowment insurances or investment savings accounts.

Proceeds, to the extent they constitute a capital gain, interest or deemed interest, paid to a holder who is a resident in Sweden for tax purposes and a legal entity will be taxed as business income and taxed at a flat rate of 21,4 per cent (in 2021 the rate will be reduced to 20,6 per cent). Capital losses are generally deductible against business income. However, losses on ETI Securities may not be deductible in case the holder of the ETI Securities and the issuer of the ETI Securities are considered related parties. Tax losses may, subject to certain restrictions in case of a change of ownership or mergers, be carried forward indefinitely. Specific tax consequences may, however, be applicable to certain categories of legal entities, for example, investment companies, life insurance companies and partnerships.

For holders who are legal entities interest or deemed interest will become taxable on an annual accrual basis in accordance with Swedish GAAP, while capital gains normally will become taxable at the time of the disposal, redemption or settlement, of the instrument. A holder who is a legal entity may also become subject to corporate income tax in case of unrealized currency exchange gains on an annual basis in accordance with Swedish GAAP. Swedish GAAP may, however, have a different content for certain types of legal entities, for example, banks and insurance companies, as well as for entities of different sizes. Tax on payment of interest, deemed interest or dividends to holders who are private individuals may be withheld at source. The Issuer does not assume any responsibility for the withholding of taxes at the source.

Holders not resident in Sweden

Individuals who are non-resident in Sweden for tax purposes (and who has not been resident in Sweden during the last ten-year period) and legal entities not incorporated, registered, and without a permanent establishment, in Sweden are normally not subject to Swedish capital income taxation on payments of capital gain, interest or deemed interest.

Sweden does not impose withholding tax on payments of interest, deemed interest or capital payments unless such payments are re-categorized as dividend distribution. In such case, a withholding tax of 30 per cent is charged, unless there is an exception in a tax treaty or EU directive. However, a Swedish legal entity or permanent establishment effecting an interest payment to an individual (or an estate of a deceased individual) will normally be required to withhold Swedish preliminary tax (Sw. *preliminärskatt*) on the payment. The preliminary tax so withheld is normally equal to the final tax on the interest income,

which means that there is generally no further tax payable on the interest payments made by the issuer. The Issuer does not assume any responsibility for the withholding of taxes at the source.

Gift or Inheritance Taxes

Sweden has currently no gift or inheritance tax.

Value Added Tax

VAT is levied in relation to the investment in the financial instruments and notes.

Tax Compliance Requirements

Under Swedish domestic tax law, a Swedish credit institution, a Swedish branch of a foreign credit institution or a Swedish broker is obliged to report any interest payments and dividends under the Securities. Capital gains and losses derived from the Securities by individuals shall also be reported to the Swedish Tax Agency under certain conditions. Resident individuals are required to review the tax information related to the Securities contained in their pre-completed annual tax return and, if necessary, correct or complete the information in their tax return. Investors who are in any doubt as to their position should consult their professional advisers.

Finland

The following section briefly summarizes specific taxation issues related to the Securities in Finland. It only deals with particular aspects of the taxation issues and does not in any way represent a comprehensive analysis of all the consequences of the purchase, sale and redemption of the ETI Securities.

This analysis is based upon the Finnish law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date, including changes with retroactive effect. It should be noted that there is currently very limited case law or tax practice in Finland relating to the tax treatment of particular Securities.

The tax treatment applicable to a holder of Securities depends on the individual circumstances of such holder. Tax consequences may vary depending on the type of underlying asset and the investor's situation. Potential investors are recommended to consult their personal tax advisers as to the consequences under the laws of the country of which they are residents for tax purposes and the tax law of Finland in order to obtain further information on the overall tax consequences and tax reporting obligations applicable with respect to the purchase, sale and redemption of the Securities, taking into account that there may be differences in the tax treatment of different types of Securities. Those advisers alone are in a position to make an adequate assessment based on the particular tax circumstances of the individual investor.

Finnish residents

The following section applies to investors who are tax residents in Finland. Tax resident investors are individuals having their home or main abode in Finland or individuals staying in Finland for a continuous period of more than six months, as well as companies that are registered in Finland or otherwise established under Finnish law or under the applicable tax treaty having a permanent establishment for income tax purposes in Finland. A Finnish citizen is, however, normally deemed to be fully liable to tax in Finland until three years have elapsed from the end of the year during which the citizen left the country.

Double tax treaties may restrict the authority of the Finnish state to tax foreign source income of an individual or entity deemed as resident of Finland pursuant to Finnish domestic tax law.

Individual investors

The general information below only relates to the taxation of private individuals who are residents in Finland for income tax purposes, and who hold the ETI Securities as private assets.

The tax treatment of the Securities depends on the nature of the particular security in question. The Security representing a derivative financial instrument, where the value of the security is linked to the value of the underlying instrument is generally treated differently from the Securities that represent debt instruments.

a) Securities representing derivative instruments

Finnish tax laws do not include any specific provisions on taxation of derivative instruments such as warrants and certificates. Therefore some interpretation risks may exist related to the taxation of derivative instruments. The description below is based on interpretation of general Finnish tax provisions, a decision of the Finnish Supreme Administrative Court (KHO 2013:117) and the guidelines of the Finnish Tax Administration.

Capital gains from the sale or exercise of listed Securities (or Securities that could be listed, further referred together to as "listed Securities") are subject to taxation in Finland as capital income of the Finnish resident individual investor. The tax rate applicable to capital income is 30 per cent. and 34 per cent. for the capital income exceeding EUR 30 000 per year. Capital gains are not subject to tax withholding in Finland, and the taxes due are payable by the Finnish resident individual investor personally. Capital gains arising from a sale of assets are exempted from tax if the total amount of the sales prices of the assets sold by the Finnish resident individual investor does not exceed EUR 1 000 in a tax year.

Capital losses arising from the sale or exercise, or expiry, of listed Securities are deductible from other capital gains or capital income in the same year or during the following five years. The capital losses will not, however, be tax deductible if the total amount of the acquisition prices of the assets sold by the Finnish resident individual investor does not exceed EUR 1 000 in a tax year.

Taxable capital gains and losses are calculated as the difference between the sales or exercise proceeds and the aggregate of the actual acquisition cost of the Securities and the sales or exercise related expenses. When calculating capital gains, Finnish resident individual investors may choose to apply the so-called acquisition cost presumption instead of the actual acquisition cost. The acquisition cost presumption is normally 20 per cent. of the sales or exercise proceeds, but it is 40 per cent. of the sales or exercise proceeds for listed Securities that have been held by the Finnish resident individual investor for a period of at least ten years. If the acquisition cost presumption is applied instead of the actual acquisition cost, any sales or exercise related expenses cannot be separately deducted from the sales or exercise proceeds. Finnish resident individual investors must include in their income tax returns information on the sale or exercise of the listed Securities taken place during the tax year.

According to case law (SAC 2013:117) and recently published Finnish Tax Administration guidelines, gains from the sale or exercise of non-listed Securities that are transferable securities and that have such qualities that they could be listed, is subject to taxation in Finland as capital gains, and loss tax deductible as capital loss. Loss arising from expiry of such Securities is also deductible as capital loss.

Gains from the sale or exercise of non-listed Securities which do not qualify for capital gains taxation are taxable as general capital income of the Finnish resident individual investor, and not as capital gains. General capital income paid to a Finnish resident individual investor by a Finnish paying agent is as a rule subject to withholding tax at a rate of 30 per cent. The taxes withheld are taken into account as credits in the final taxation of the Finnish resident individual investor. In the final taxation, the capital income is taxable at the rate of 30 or 34 per cent. as discussed above. Losses arising from the sale or exercise as well as from expiry of non-listed Securities which do not qualify for capital gains are non-deductible altogether in the taxation of a Finnish resident individual investor.

b) Securities representing debt instruments

Under present Finnish domestic tax law, holders of Securities representing debt instruments (Fin. joukkovelkakirja), who are individuals or an estate of a deceased person and resident in Finland for tax purposes, will be subject to Finnish capital income tax on interest payments and capital gains under the Securities in accordance with Income Tax Act (1535/1992, as amended), if the Issuer is foreign resident and the Securities are not issued by Issuer's permanent establishment for income tax purposes in Finland.

Finnish resident corporate investors

For holders of Securities, who are resident limited companies or other resident entities subject to corporate income tax, interest payments and capital gains under the Securities are regarded as taxable corporate income. The current tax rate for limited liability companies and other entities subject to corporate tax is 20 per cent.

Income accrued from the sale or exercises of listed Securities that are included in the business assets of corporations with unlimited tax liability in Finland are deemed income subject to corporate income tax of 20 per cent. Correspondingly, the acquisition cost of Securities is treated as a deductible expense. Thus, the profit being the difference between the sales price and the acquisition cost of the Securities is taxed as a corporate income of the legal entity. Confirmed tax losses of the business activities are deductible from taxable business income in the same tax year and the ten subsequent tax years.

In the event the listed Securities are not included in a company's business assets, income accrued from the listed Securities may be taxed as capital gains relating to the source of company's other income. Furthermore, a company may not use an acquisition cost presumption, and the capital loss arising from the sale of Securities cannot be deducted from the business profits, but is deductible only from capital gains arising in the same year and during the following five tax years.

Non-resident individual and corporate investors

In case of non-resident corporate investors, capital gains from the sale or exercise of listed Securities is not subject to taxation in Finland, unless the Securities relate to business carried out in Finland through a corporate investor's permanent establishment. Even the income from the sale or exercise of non-listed Securities should not be subject to taxation in Finland for non-resident investors unless the Securities relate to business carried out in Finland through a permanent establishment.

Non-profit organizations

An organization, which is considered as a non-profit organization in accordance with art. 22 in the Income Tax Act, is not liable to tax for the personal source income. Accordingly, the losses incurred are not deductible. The income received from the exercise of the Securities is generally considered a personal income for Finnish tax purposes. However, exercising large investment activities may lead to

forfeiture of the non-profit status and thus, to the taxation of income under Securities. The business source income received from the business activities of the non-profit organization is subject to corporate tax as described above in relation to Finnish corporate investors.

Inheritance and gift taxes

In accordance with domestic tax law, transfer of Securities by way of gift or inheritance is subject to Finnish gift or inheritance tax, respectively, if either the transferor or the transferee was resident for tax purposes in Finland at the time of death or donation. Finland's right to impose gift or inheritance tax on transfer of movable property in the form of gift or inheritance received by residents and non-residents of Finland may, however, be limited by virtue of applicable tax treaties.

ETI Securities with the meaning of this Base Prospectus are not subject to Finnish transfer taxation.

Tax Compliance Requirements

Under Finnish domestic tax law, a Finnish credit institution, a Finnish branch of a foreign credit institution or a Finnish broker is obliged to report any interest payments under the Securities and any secondary market or index compensations paid and received to the Finnish Tax Administration. Capital gains and losses derived from the Securities by individuals and estates of deceased persons shall also be reported to the Finnish tax administration under certain conditions. Resident individuals and estates of deceased persons are required to review the tax information related to the Securities contained in their pre-completed annual tax return and, if necessary, correct or complete the information in the tax return. Investors who are in any doubt as to their position should consult their professional advisers.

THE ABOVE SUMMARIES ARE NOT INTENDED TO CONSTITUTE A COMPLETE ANALYSIS OF ALL TAX CONSEQUENCES RELATING TO THE OWNERSHIP OF ETI SECURITIES, PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISERS CONCERNING THE CONSEQUENCES OF THEIR PARTICULAR SITUATION.

**Report of the Statutory Auditor on the
financial statements for the year 2023**

(for the period 01.01.2023 - 31.12.2023)

Statutory Auditor's Report to the General Meeting of

iMaps ETI AG, Ruggell
(FL-0002.592.628-4)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of iMaps ETI AG, which comprise the balance sheet as at 31 December 2023, the income statement for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2023 and its financial performance for the year then ended in accordance with Liechtenstein law.

Basis for Opinion

We conducted our audit in accordance with Liechtenstein law and International Standards on Auditing (ISAs). Our responsibilities under those provisions and standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report.

We are independent of the Company in accordance with the provisions of Liechtenstein law and the requirements of the audit profession, as well as the International Code of Ethics for Professional Accountants (including International Independence Standards) of the International Ethics Standards Board for Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of the financial statements that give a true and fair view in accordance with Liechtenstein law, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Liechtenstein law and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Liechtenstein law and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements or, whether due to fraud design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors or the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Further Confirmations pursuant to Article 196 PGR

We further confirm that the financial statements and the proposed appropriation of retained earnings comply with Liechtenstein law and the articles of incorporation. We recommend that the accompanying financial statements submitted to you be approved.

Other Matters pursuant to the PGR

We would like to point out that, contrary to Art. 339 PGR, the Annual General Meeting was not held within six months of the end of the financial period.

Notes to the annual financial statements as at 31 December 2023

Accounting and valuation methods

The financial statements are prepared in accordance with the provisions of the Liechtenstein Persons and Companies Act (PGR). The annual financial statements were prepared in accordance with the statutory provisions and the principles of proper accounting. The primary objective of accounting is to present a true and fair view of the assets, liabilities, financial and earnings situation of the company. The general valuation principles according to art. 1066a PGR are applied. The valuation is based on the assumption that the company will continue as a going concern. The accounts are kept in Euros.

There are no deviations from the general valuation principles, accounting methods and accounting regulations according to the PGR, other than that the valuation of the liabilities of the company arising from the issuance of Exchange Traded Instruments differ from the general valuation principles of PGR. The general accounting principles of PGR do not allow to increase the value of investments of securities but to value those at purchasing costs or market prices, if market prices are lower than the purchasing price. The company values the investments in securities issued by its subsidiary company Pecunia SPC in line with the general accounting principles of PGR and thus does not value those investments at market, where the market price increased since the purchase of the securities. The company values the liabilities arising from the issuance of Exchange Traded Instruments whose repayment value is linked 1:1 to the market price of a specific security issued by its subsidiary Pecunia SPC at the same value as the corresponding asset and does not include the increase in liabilities arising from Exchange Traded Instruments rising in value in the accounting principles.

In the event of any changes in the structure of the annual financial statement compared with the previous year, any previous year's figures are adjusted.

(for the period 01.01.2024 - 31.12.2024)

Statutory Auditor's Report to the General Meeting of

iMaps ETI AG, Ruggell
(FL-0002.592.628-4)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of iMaps ETI AG, which comprise the balance sheet as at 31 December 2024, the income statement for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2024 and its financial performance for the year then ended in accordance with Liechtenstein law.

Basis for Opinion

We conducted our audit in accordance with Liechtenstein law and International Standards on Auditing (ISAs). Our responsibilities under those provisions and standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report.

We are independent of the Company in accordance with the provisions of Liechtenstein law and the requirements of the audit profession, as well as the International Code of Ethics for Professional Accountants (including International Independence Standards) of the International Ethics Standards Board for Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of the financial statements that give a true and fair view in accordance with Liechtenstein law, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Liechtenstein law and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Liechtenstein law and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements or, whether due to fraud design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors or the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Further Confirmations pursuant to Article 196 PGR

We further confirm that the financial statements and the proposed appropriation of retained earnings comply with Liechtenstein law and the articles of incorporation. We recommend that the accompanying financial statements submitted to you be approved.

Other Matters pursuant to the PGR

We would like to point out that, contrary to Art. 339 PGR, the Annual General Meeting was not held within six months of the end of the financial period.

Notes to the annual financial statements as at 31 December 2024

Accounting and valuation methods

The financial statements are prepared in accordance with the provisions of the Liechtenstein Persons and Companies Act (PGR). The annual financial statements were prepared in accordance with the statutory provisions and the principles of proper accounting. The primary objective of accounting is to present a true and fair view of the assets, liabilities, financial and earnings situation of the company. The general valuation principles according to art. 1066a PGR are applied. The valuation is based on the assumption that the company will continue as a going concern. The accounts are kept in Euros.

There are no deviations from the general valuation principles, accounting methods and accounting regulations according to the PGR, other than that the valuation of the liabilities of the company arising from the issuance of Exchange Traded Instruments differ from the general valuation principles of PGR. The general accounting principles of PGR do not allow to increase the value of investments of securities but to value those at purchasing costs or market prices, if market prices are lower than the purchasing price. The company values the investments in securities issued by its subsidiary company Pecunia SPC in line with the general accounting principles of PGR and thus does not value those investments at market, where the market price increased since the purchase of the securities. The company values the liabilities arising from the issuance of Exchange Traded Instruments who's repayment value is linked 1:1 to the market price of a specific security issued by its subsidiary Pecunia SPC at the same value as the corresponding asset and does not include the increase in liabilities arising from Exchange Traded Instruments rising in value in the accounting principles.

In the event of any changes in the structure of the annual financial statement compared with the previous year, any previous year's figures are adjusted.
